

H. Y. Belk

AND HIS NEWS OF NEBO VALLEY

It's raining this now, and you can't improve anything I say is so.

Well, Sunday Mr. Sipes and his little boys came out to see the speaker and enjoyed some cool spring water.

Before I forget it sisters, I never believe in poker-playing preachers.

George Belk and children eased down High Shoals Sunday afternoon to see the newsman.

Harrison Belk called by with a small package. When he opened it it was nothing but a 6 months old great-grandchild baby. The class five found.

Last Sunday W. H. Belk, department store magnate, of Charlotte, was present at Anderson, S. C., for the dedication of the Henry Belk Presbyterian church. The 87-year-old executive was there with Mrs. Belk to dedicate the church at Home Park. It is only 61 years ago when Henry took all his money saved, \$250, then 26 years old, and opened the Little Belk Racket store in Monroe. Now he holds partnership in 286 Belk Stores in 10 states.

When I look back to that morning when Henry opened that little racket store in Monroe, I wonder how he ever did so well. It was being honest.

When some of those political spreads get up on the White House floor and demand a cut in taxes,

and expenses all down the line, the demagogues cry out and say what would you cut, where would you cut, and how big a slice would you take out.

Then Harry Spendthrift says let them go. If you cut them they will cut a caper.

Federal aid for education and omitting the Bible. Reminds me of an ancient Roman holiday. Great hordes of preachers would be clinging to the payroll while the chosen Lords wrote out checks and messing up the school system at every cross road in the nation. Women make so much better teachers. Lets not have any more men teachers. Let the women teach while the men folks lay around and fish, always being care not to get sunburnt.

I don't know whether is best to educate fools or not. Wont they still be fools? Hitler was an educated fool, but he fooled around and got fooled out of the way.

Women don't roll up their hair and part their bangs any more. Don't have time. They roll cigarettes, better known as coffin tacks. Camels cooling to the throat and good for your health, some doctors say.

Stocks To Whirl At Charlotte Oval

CHARLOTTE. — North Carolina's first strictly stock car race with a \$5,000 purse will be staged at the New Charlotte Speedway, located four miles west of Charlotte off Wilkinson Boulevard, Sunday afternoon, June 19, under the direction of Bill France, genial pioneer of the stock car racing circuits.

The 150 mile speed classic, the longest attempted in this section in recent years, calls for 200 laps around the three-quarters of a mile banked speedway, which will be specially treated with calcium chloride Saturday night and Sunday morning for the prevention of dust during the terrific grind Sunday afternoon.

The race will be open only to 1946 and later model cars, and will not be restricted to veteran drivers of the modified stock car circuits, although many of the veterans are entering their new cars in competition for the sensational event.

Time trials were slated for Thursday and Friday with all cars qualifying to be inspected Saturday before being allowed to participate in the Sunday classic. A limited number of alterations are allowed, but no major changes are permitted.

It will start shaking, rolling, rattling down the pike. Walking is a lost art. Walking will never get you anywhere, hard on your feet—oh, just a fool habit.

You never thought I'd be a poet: One day not far away, We all hope to reach The summer land sublime, where the streets Are paved with gold, And the inhabitants never grow old Its a land where sorrow Can never harm the soul, Let's hope we spend Countless hours in that land Among God's flowers.

Just how these strictly stock cars will compare with modified stocks will be determined after this 150-mile test, and early entries indicate that practically every make of American car will be represented.

The field is restricted to American made cars, all makes being permitted with the exception of Jeeps. Jeeps, however, are eligible for participation.

Among the make cars already entered are Mercurys, Fords, Buicks, Kaisers and Hudsons.

Tar Heel yields are expected to be good this year in areas which escaped freeze damage.

"Milk helps lovely Jane Frazee keep her figure and her vigor."

Says **ABDULLAH**
Trainer
REPUBLIC PICTURES CORPORATION

"You can't get glamour out of a make-up box alone," says Abdullah.

"I consider a quart of milk or more a day essential for anyone who wants to keep fit and trim. Milk is a real food without being fattening, and a good source of vitamins and minerals."

The milk we bring to your home is a precious food—and we do everything known to modern dairy science to protect its purity and wholesomeness. One of the extra safeguards we use is the Sealright Hood, which keeps the pouring surface of the bottle safe from contact with hands or other exposure between our dairy and you. The milk you pour out of one of our bottles is as pure as the milk that went into it!

Sunrise Dairy
GASTONIA, N. C.

I was just ruminating. What would we do if N. C. was to call a set-down strike? With all this easy money on hand. Yes, we could buy war bonds and fight Russia if they would fight.

Evidently when the Russian delegates went to the U. N. they had never heard the old song like this—sticks and stones can never break my house but words can make men fight like tomcats in the rain.

I've heard again and again that willful waste always brings woeful want.

The British burned the United States Capitol during the fight of 1812. That's what our history says. Nowadays they are busy spending what we've made after the burning what says we are.

No, we, they who in the heck loaped Britain four billion good American dollars, 80 percent of we, the people against the give-away loan. Yet Congress passed the buck against 80 percent of the wishes of the people I'm told.

Now, let's look back sister, brothers, now just four years after the shooting ended with Hitler on the run with his shirt-tail fanning the breeze, two hundred thousand still on the Federal jobs hanging on like death to a dead negro, tighter like cockleburs on a cow's tail. And they are still as numerous as were frogs and lice in the Valley of Ancient Egypt while Pharaoh was hardening up his heart; now history tells he let 'em go.

Things may look snaky with the Dixie Tarheels. It looks sorry to me. We just got out of the mud and bagged up two hundred million scads in one rack and five and twenty in another bag.

If we can survive the foolish doings of the last year's situation we shall win—but shucks no sensible fool can.

Now, if you can wait and light up a Camel we'll talk about something we all know about. Man made it. Man rides it. Man holds it on the road but if it gets out of his hands it climbs trees, jumps ditches, sticks up in the mud, lays flat on its back, shakes, rattles, rolls and runs. It's nothing but a buzzing buggy.

It's a wonderful man-made machine. It has thousands of little parts and it has to be greased, watered and oiled, anti-freezed before

NORTH CAROLINA, COUNTY CLEVELAND, NOTICE

Under and by virtue of the power of sale contained in a certain deed of trust executed by Jack Moss and wife, Helen G. Moss, dated the 13th day of April, 1949, and recorded in Book 352, page 90, in the office of the Register of Deeds of Cleveland County, North Carolina, default having been made in the payment of the indebtedness thereby secured and said deed of trust being by the terms thereof subject to foreclosure, the undersigned trustee will offer for sale at public auction to the highest bidder for cash at the courthouse door in Shelby, North Carolina, at noon on the 8th day of July, 1949, the property conveyed in said deed of trust the same lying and being in the County of Cleveland and State of North Carolina, and more particularly described as follows:

Being lot No. 5 in Block of that certain subdivision known as Mid-pines, it being a subdivision of the Calvin Howell property located about two miles South of Kings Mountain, N. C., a map of said subdivision being duly recorded in the Office of the Register of Deeds for Cleveland County in book of plats No. 5 at Page 15. There is excepted from the above described lands that certain right of way of the Duke Power Company along the front and lot lines.

But this sale will be made subject to a certain other deed of trust executed by Jack Moss and wife, Helen G. Moss, to the Kings Mountain Building and Loan Association, dated the 20th day of September, 1948, and recorded in Book 342, on page 176, in the office of the Register of Deeds of Cleveland county, North Carolina.

But this sale will be made subject to all outstanding and unpaid taxes, municipal assessments, and other prior liens.

This 6th day of June, 1949.
W. Faison Barnes, Trustee.
