Uncle Sam Says

That old saw about opportunity must be revised. The new version is—**Opportunity Knocks but Once—a Week.** Every payday you have the opportunity to do something about those things you want in the future. All it takes is a little slice of that paycheck invested regularly in U. S. Savings Bonds. There are two ways to make that future secure—the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan where you bank. In ten years, every \$3. invested brings back \$4.

GI Forms To Be Ready August 29

Forms for the GI insurance dividend will be available in Kings Mountain, and all over the nation, on Monday, August 29, according to Veterans Administration. Veterans of World War II who had National Service Life Insurance in force for as much as three months are eligible to share in the huge dividend payments, estimated at \$2.8 billion.

The forms will be available at the postoffice, at the office of the county service officer and local veterans organization offices. (Chalmis L. Miller, county service officer, is in Kings Mountain, at City Hall on Thursday afternoons of each week and will assist in filling out the forms.)

Checks to veterans for the dividends will not be mailed until sometime in January, 1950, but the sooner a veteran gets his application in, the more likely he is to be one of the first to receive his check VA has pointed out.

The form is in three parts — first part includes the instructions. For filling out the form and is to be torn off and kept by the veteran; second part consists of 9 blanks to be filled out; and the third part is mailed back to the veteran by VA as a receipt.
