#### Gray is Appointed **Extension Forester**

Appointment of John L. Gray planting, thinning, pruning, tim-to succeed Robert W. Graeber as ber scaling, selective harvest, and extension forester at State Col- marketing. Saturday, January 14, from 5 unlege was announced this week by Dr. I. O. Schaub, director of At seven o'clock there will be the Agricultural Extension Ser-

a play given in the Church of God, "Second Coming of Christ." Graeber retired effective January 1 after having served as exnsion forester since 1925.

ty, Virginia, received a B. S. in and did not show the first post-forestry at Pennsylvania State war drop until 1949. College in 1941 and a Master's degree in the same field at Yale University in 1942. He served as Dr. R. P. Moore, director in a driber spotter in Arkansas for charge of the North Carolina seven months before joining the Crop Improvement Association at State College, says Tar Heel far- 1942

Released from active duty in September, 1944, Gray accepted The reason, he asserts, is that for a concern in Loretta, Wisconspring varieties are not adapted sin. A year later, in October, 1945, to growing conditions in the he came to North Carolina to become assistant extension forester. One of the best varieties for

He is a member of Alpha Zeta Xi Sigman Pi, and the Society of American Foresters.

oat known as Fulgrain. In three Graeber, whose retirement was prompted by ill health, was 1948 spring . sown tests, Ful-grain yielded an average of 34 a pioneer in the development of North Carolina's farm woodlands. bushels per acre, whereas commonly grown spring varieties yielded only 21 to 26 bushels per He was instrumental in getting a Department of Forestry establish. ed in the State College School of Agriculture and was one of the first to take the course which it offered. He also set up several hundred forestry demonstrations throughout North Carolina and

kept detailed records on each. He has conducted forestry edu-

cational meetings in every county in the State and has trained county agents to give practical ssistance to farmers in forest

Realized net income of farm perators has dropped in each of the last two years after reaching a peak of 17.8 billion dollars in 1947. Gross income, on the other Gray, a native of Fairfax Coun- hand, continued upward in 1948
