### Two New Firms Located In New Building

The New Morrison Building on Gold street, behind the B. & Restaurant, has been completed according to announcement by Dr. D. M. Morrison, Kings Mountain optometrist and realtor, owner.

Construction on the building began some five months ago and C. T. Bennett Construction Company, Kings Mountain firm, had the general contract for the job. The late J. B. Self, former Kings Mountain carpenter, was construction superintendent on the job until his death a few weeks ago.

Local sub-contractors included Welch Plumbing Co., plumbing, and L. A. Hoke Electrical Contractor, electrical installations.

Two new firms have already set up for business in the new locations.

Baird Furniture opened on February 10th and City Electric & Plumbing Co., had a formal opening on February 17th.

The building houses four store fronts on the ground floor, with Baird occupying the center pair.

The upstairs, last to be completed, houses a modern, up-to-date kitchen and banquet hall and a separate room for Fairview Lodge, Kings Mountain Masonic organization.

The new building, second large

business building constructed by Dr. Morrison in the past three years, is 100 feet by 50 feet overall. In 1947 he completed construction of a two-story building at the corner of Battleground

Road and Gold street, Dixie-Home store and B. & B. Restaurant, operated by Dr. Morrison, occupy the ground floor and several firms have offices on the second floor.

A large amount of building materials and supplies was furnished by Kings Mountain firms, including Bennett Brick & Tile Co., Elmer Lumber Co. and Bridges & Hamrick hardware.
