

SAUNDERS CLEANERS

take pleasure in announcing installation of the most modern and best-performing

Dry Cleaning Unit

PRICES

In spite of the fact that this new solvent costs nearly 10 times the price of ordinary cleaning solvents, SAUNDERS will make only a slight differential in price for garments cleaned by the new method. They follow:

	Cash and Carry	Picked up and Delivered
Pants	40c	45c
Sweaters	40c	45c
Jackets	40c	45c
Blouses	40c	45c
Suits	70c	85c
Topcoats	70c	85c
Hats	75c	75c

(No Differential)

Evening Gowns \$2 to \$3.50
(No Differential)

Drapes

prices vary, based on weight of drapes

The Prosperity Econo-Matic

This new dry cleaning unit, the latest in cleaning equipment, REALLY CLEANS. It utilizes the DuPont solvent perchlorethylene, which treats all garments with previously unheard of gentleness, and which will not damage any kind of fabric.

The new unit has a distillation plant of its own, which means that your garment is always being cleaned by CLEAN solvent.

No excessive heat is generated during the 30-minute cleaning operation.

There is only one caution to give. In the event your garment has plastic buttons, they should be removed before cleaning. Other buttons can be left on the garment with no risk at all. They come out un-damaged, apparently untouched, except that the buttons are CLEAN.

We are very proud of this new unit and feel that our patrons will be proud of it, and the vastly improved cleaning properties of it, too. Here are some of the reasons:

- No shrinkage.
- Perpetually Clean Solvent for All Garments.
- Absolute Removal of All Perspiration Odors.
- Virtual Elimination of All Spots, without Spotting.
- Lengthening of life of All Garments Cleaned by this Method.

EVENING GOWNS

No longer, ladies, need you send your evening gowns, exquisite dresses and other fine garments to out-of-town cleaners for special handling. We can handle fine rayons, silks, nylons, laces, drapes, and other delicate fabrics to your complete satisfaction . . . and check our prices for REAL savings!

HATS

No longer, men do you have to buy a new hat because yours has blown off in the wind and become dirty. The Saunders Econo-Matic can clean hats without the customary shrinkage that comes from ordinary cleaning.

WATER-PROOFING

If the topcoat, raincoat or suit doesn't shed water properly, bring it to Saunders. Our water-proofing is guaranteed, or your money is refunded.

GUARANTEE

All clothes guaranteed against fire and theft at Saunders.

OLD METHOD PRICES IF YOU PREFER . . .

We are still operating our former, old-method unit. If you prefer, Saunders will clean your garments by this method at the same old prices. Frankly, we recommend the new method for improved cleaning and longer garment life.
