## AND HIS NEWS OF NEBO VALLEY

Martin's Medicine came out last week with spring fever. Pshaw! that don't console me. Why I got spring fever, hay fever, spring time laziness. I don't know if I'm not asking the itch. How does it work?

Well, the books are open. All must register so we can vote. We want to put Logan over the top in this campaign, if we do have hay fever. I find lots and lots of our people got Logan fever. Its 90 in the shade. I told you so. Whitney Wells is another campaign winner. Whitney wants to see our boys and girls educated.

There is a great deal of truth in what my old college professor told our class. He said there was a time when great multitudes of men and women sought salvation as their chief end in life. Now-a-days we find the world not asking what I must do to be saved, but what can I do to succeed in life? Treat others as we would have them treat us. That motto seldom fails, and we win. Hitler, as far as I know could be one of the world's great men had he not tried force. I'm watching for Joe Stalin to go down in history as Hitler went. Sure we must fight and honest fight if we win with votes. Look, our Presidents all win and made their names immortal. We shall do as well.

Lets have faith in our man, if its a mustard seed size. We can build a mountain and put our already Sheriff back up. He's done been tried. Lets do it again. If I don't help you win, just say Old Man Belk I told you so and so.

So many of us waste our lives in riotous living and some there be that waste their soul and mind in riotous reading. To benefit your souls, minds, and body, too, read the Bible, then read the Herald and learn who to vote for.

ever makes much preparation for war either defensive or offensive it must do so in time of peace. As deplorable as war is, it is almost certain there will be wars as long as there are humans on earth.

Mr. Mink is a smart 'un. When an old mink is caught the first thing he does is dive to deep water, believing the trap will turn loose, but soon he drowns. The same is true of men. We venture out a little at a time, finally we get in our own self-made traps. We strive in vain to fool our fellow man, but once in the trap we drown and spend a lifetime in the pen. Looks like we'd have more brains than a mink or a skunk.

A bigamist is one who loves not too many but too well. Now dear bud, the latest I heard, I'm sure I didn't dream it, the Government I am told has worked out a plan on how to cross a goose with a swan and this produces a "Swoose". I find this to be good news to those who wish to have something new and would like to have one of those swooses. Oh, its something like a goose, but doesn't have feathers on it, all down.

Well we are looking for things new and better looking too.

**REST IN PEACE**  
Yes, in all the wars fought by the U. S. A. in our history, killed and died from battle wounds 852,000 men lost their lives. But since 1908, 927,260 people have lost their lives in a fool thing we call an automobile. At the present rate, it is plain to see in another few months or years a million well be claimed by this death-dealing monster. They build faster and more powerful cars, they dot the highways with road houses where lewd women from 14 to 95 smoke, drink and dance, but men are the cause of it all. They make it easy for crazy folk to find. Its a modern means to lure young folk to ruin. It looks like we are doing every thing to hasten the day when we can celebrate a million killed in automobiles. Then they may look for flowers, music and a beautiful parade. The reception will be in a car that killed the biggest number. Yes, they are building a beautiful highway through Nebo Valley Kingdom. So let her flash her lights and roll her wheels.

We are doing everything we can to do away with wars and rats. Why not check up on these death dealing cars and fly straight and not die so fast.

**I'M HELL ON WHEELS**  
Folks I'm hell on wheels, I'm your car, I'm your boss, I'm blind as you can see, You wreck me on your roads, Then you die and blame me, I go where you lead, I stop when you turn the wheel, I start when you say, I dig more graves, Then you can fill, I'm here to say, I'm good, I'm bad, You can't do without me now, I'll do all I can, To roll you on, To meet your final end, If that's the way you wish to go, It won't be long 'til you reach the end.

What tragic fools ye be, With two good eyes to see, You drive me to your death, Forgetting God, you stray, And thereby Heaven miss, What fools ye folks be, I'm Hell On Wheels!

Screwworms are magots of one of the most serious of all live stock pests. Thousands of animals infested with screwworms die every year in the southern United States, where losses amount to millions of dollars. These losses are multiplied many times in years of widespread outbreak.

## Races Saturday Night At Winston

WINSTON-SALEM. — The vast increase in popularity of stock car races is clearly indicated by the many new faces appearing in the Bowman Gray stadium this season, but the veterans are still seeking to maintain their honors.

Jimmy Lewallen, high Point veteran, racked up a win in the first sportsmen's feature here and will be back again Saturday night to try his luck again, while Tim Flock, youngest of the three Flock brothers and present leader in the NASCAR championship modified and strictly stock campaigns for 1950, will be on hand again to try his luck against the newcomers taking part in the events.

The sportsmen's drivers will have two races this weekend. Following the events at the stadium Saturday night, they journey to Martinsville, Va., on Sunday to compete in the sportsmen's race program Sunday afternoon. Time trials here start at 7 o'clock Saturday night with the first race slated for 8 o'clock.

In addition to the three 10-lap heats, 10-lap consolation and 25-lap feature for the sportsmen's program here, three events will be staged for amateur drivers, these being open to drivers who have never competed in any modified races.

Included among the drivers due to compete are Joe Eubans and Cotton Owens, Spartanburg, S. C.; Tim Flock, Ted Swain, Bobby Myers, Bill Myers, Pee-wee Jones, Shorty York, Bob Lancaster, Jack Holloway, Dick Spicer and Leon Sales, Winston-Salem; "Handle Bar" Walden, Jimmy Lewallen, Bill Blair, Jim Paschal and Pap White, High Point; Ralph Estes, Walter Barker and Carl Burris, Draper; Cecil Burris, Leaksville.

A Columbus County farmer, D. H. Lennon, route 1, Boardman, says one good cow bred to a good bull and placed on an acre of good pasture will give him more net return with less work and worry than an acre of good tobacco.
