Uncle Sam Says

"Political independence, our 'Declaration of Independence,' was proclaimed to a young and vigorous nation on July 4, 1776, when citizens were summoned to Independence Hall plaza in Philadelphia by the stentorian tones of the historic Liberty Bell. The actual tone of the Liberty Bell will again be heard throughout the nation during the U. S. Savings Bonds—'Independence Drive'—May 15-July 4. This time it will peal forth a message of financial independence for the individual, a reminder to every citizen of the importance of savings and Savings Bonds. They make you better equipped to face the future, secure in the reality that you will be a better, more comfortable future."
