NOTICE OF SALE

Under and by virtue of the power of sale contained in a certain deed of trust executed by T. P. Cabanis and wife, Laura Cabanis, to E. Scott Sandy, Trustee, dated May 24, 1939, and recorded in the Office of the Register of Deeds of Cleveland County, in Book 242, at page 54; and by virtue of that certain instrument dated June 13, 1950, and recorded in the Office of the Register of Deeds of Cleveland County, North Carolina, in Book 6-1, at page 433, whereby the undersigned was substituted as Trustee; default having been made in the payment of the indebtedness thereby secured and the said deed of trust being by the terms thereof subject to foreclosure, the undersigned Substituted Trustee will offer for sale at public auction to the highest bidder for cash at the west door of the Cleveland County Courthouse in Shelby, North Carolina at 12:00 noon on MONDAY, JULY 24th, 1950, the property conveyed in said deed of trust; the same lying and being in the County of Cleveland, State of North Carolina, and more particularly described as follows:

All that certain piece, parcel or tract of land situated, lying and being in No. 7 Township, Cleveland County, N. C., located on public road leading from Shelby to Polkville, about 5 miles north from Shelby, bounded on the north by lands of Mrs. Tom Wright and Pleas Cabanis; on the East by Brushy Creek and Mr. Simmons; on the South by Frank Cabanis; and on the West by Brushy Creek, and more particularly described as follows:

BEGINNING at a post oak stump, corner of Pleas Cabanis, and runs South 7 West 20 poles to a red oak stump; thence North 89 1/2 West 54 poles to a wild cherry; thence North 3 1/2 East 62 poles to an iron stake; thence South 84 West 19 poles to a stone pile; thence South 71 1/2 West 21 poles to a white oak; thence South 75 West 39 poles to a stone pile and pointers, B. Cabanis corner (the old E. Cabanis line); thence South 8 East 44 1/2 poles to a stone pile; thence South 2 East 57 poles to a stone pile in Frank Cabanis' line; thence South 87 1/2 East 183 2-5 poles to a stone; thence North 1 West 12 poles to a stone; thence crossing the public road North 63 East 84 2-5 poles to a stake in creek run; thence North 31 West 5 1/2 poles to a stake in creek run; thence North 50 West 15 poles to a stone; thence North 78 West 28 3-4 poles to a Hickory stump; thence North 4 1/2 East 31 poles to pine on north bank of gully; thence South 81 1/2 West 64 1/2 poles to a stake in center of public road; thence with the road South 16 1/2 East 10 1/2 poles to a stake in center of road; thence North 88 West 37 poles to the place of BEGINNING, containing 127.5 acres, more or less, according to plat of survey made by A. A. Elliott, Surveyor, March 20th and 21st, 1939.

AND BEING the same lands as conveyed to T. P. Cabanis, one of the grantors herein, by deed dated December 12, 1921, recorded in Book LLL, page 30; and by deed dated October 16, 1917, recorded in Book BBB, page 144; and by Will dated December 29, 1939, recorded in Book of Wills No. 3, page 65; all records of Cleveland County, N. C.

SUBJECT to easement for right of way for power line from T. P. Cabanis and Laura Cabanis, his wife, to Southern Public Utilities Company, dated October 17, 1934, recorded in Book 4-M, page 208, Records of Cleveland County, N. C.

This the 22nd day of June, 1950. D. Z. Newton, Substitute Trustee. j-30—ju-21

EXECUTOR'S NOTICE TO CREDITORS

Having qualified as Executor of the Estate of Robert P. Tribble, deceased, late of Cleveland County, North Carolina, this is to notify all persons having claims against the Estate of said deceased to exhibit them to the undersigned at the First National Bank on or before the 31st day of May, 1951, or this notice will be pleaded in bar of their recovery. All persons indebted to said Estate will make immediate payment. This 31st day of May, 1950. FRANK R. SUMMERS, Executor of the Estate of Robert P. Tribble, deceased. June 9—July 14—50

ADMINISTRATRIX' NOTICE

ON WARYATH AGAIN—Tim Flock, young Winston-Salem driver, gets a bit of encouragement from Taft Sloan, Sanford car owner and mechanic, as they get ready for the weekly championship modified stock car races at the Southern States Fairgrounds in Charlotte Friday night. Sloan plans to have his No. 91 Ford in top shape for the Charlotte classic. In addition to competing at Charlotte, Tim will also take part in the races at Bowman Gray Stadium at Winston-Salem Saturday night.

Speed Demons Seek Way To Stop
Baker's Stock Car Win Streak

CHARLOTTE.—Finding a way to check the winning ways of Charlotte's own Buck Baker is the problem confronting some 25 other speed demons in competition at the Southern States Fairgrounds half-mile speedway Friday night.

Baker streaked to victory in last Friday night's 25-lap feature of Bill France's championship modified stock car races for his third victory in four states since races were started under the floodlights at the fairgrounds track. Trailing Baker over the finish line in the sizzling battle was Curtis Turner, the blond blizzard star from Roanoke, Va., driving Buddy Shuman's special.

Trailing these two leaders were Cotton Owens, Spartanburg, S. C.; Ewell Weddie Winston-Salem; Doug Cox, Greenville, S. C.; Lee Connell, Concord; George Mantooth, Concord; Tim Flock, Winston-Salem; Bugs Raper, Kannapolis; and Fireball Roberts, Daytona Beach, Fla.

These veteran speedsters will be back for the special race program Friday night, along with a large field of amateur stars for their additional events. In the amateur feature last Friday, William Thompson, mechanic for Shuman, made his first appearance by winning the event after taking a heat race. Trailing Thompson were Dick Beatty and Ray Alexander, two Charlotte drivers, with Bob Welborn of Thomasville next and Bob Harwell of Charlotte fifth.

France announced that the program for this week will again include two heat events, a consolation and 25 lap feature for championship cars, plus two heat events and a feature for the amateurs.

Deadline Set For
Cotton News Report

August 15 has been set as the deadline for applying for the federal cotton classing and market news service, according to D. H. Stancil, cotton marketing specialist with the State College Extension Service.

Stancil says only about 1,200 North Carolina cotton farmers, with an eye on the harvesting and marketing season, have as yet assured themselves of the services.

As of the end of June, Stancil

NOTICE TO SUBSCRIBERS OF

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

The North Carolina Utilities Commission will hold a public hearing on the application of Southern Bell Telephone and Telegraph Company for an increase in its service rates in North Carolina, in its hearing room in Raleigh, July 24, beginning at 10 a.m.

This initial hearing will be devoted to a presentation by Southern Bell Telephone and Telegraph Company of its testimony in support of its application for increased rates.

At the conclusion of this hearing, the hearing will be recessed to a future date to enable the Commission's staff and other interested persons to study the Company's testimony, examine its exhibits, and prepare such cross-examination and introduce such testimony as may be pertinent to the issues involved.

Advises Tar Heel Farmers Lime
Pasture To Be Seeded To Ladino

Farmers who have not already applied lime on land to be seeded to pasture this fall, should start applying it now, according to W. W. Woodhouse, Jr., soil fertility scientist with the North Carolina Experiment Station.

This is an important step for farmers who are planning on taking part in the "Green Pastures" campaign.

Most North Carolina soils should be limed to grow Ladino clover, says Woodhouse. While the work on the lime needs of death resulting from injury or disease received in line of duty "as a direct result of armed conflict, or (2) while engaged in extra hazardous service, including such service under conditions simulating war, or (3) while the United States is engaged in war."

The Korean action brings the first and second categories into play.

Peace-time rates of compensation, VA explained, are 80 percent of wartime rates.

VA pointed out that those taking part in action in Korea would not be entitled to G. I. Bill benefits as a result of that service. They would otherwise have to be eligible because of military service in World War II; further, they must meet all eligibility requirements set forth in that act. The G. I. Bill, VA added, was designed primarily for the readjustment of World War II veterans.

only three North Carolina cotton improvement groups, with a combined farmer-membership of 1,203, had filed application for 1950 classing and market news services with the Cotton Branch of the Production and Marketing Administration. Stancil urged cotton improvement groups that have not yet filed to do so as far in advance of the closing date as possible. He explained that several weeks may be required to complete arrangements for the services.

The Smith-Doxey services, he explained, provide for the free classing of cotton for the growers' members of cotton improvement groups. Samples are "pulled" as each bale is ginned, and these are sent to the PMA classing office in Raleigh. The grower receives, in turn, a card showing the official grade and staple length of each bale sampled.

In addition, the grower receives regular reports on prevailing cotton prices, so that he is enabled, together with knowledge of the grade of each bale of his cotton, to market it to the best advantage.

Korea Vets May Get
Some VA Benefits

American servicemen called into action in Southern Korea might be eligible for several benefits administered by the Veterans Administration, it was announced today.

Those who suffer injury or disease in line of duty may be entitled to disability compensation pay at full wartime rates, despite the fact that this nation is not at war.

Also, if they carry National Service Life Insurance, premium payments may be waived in case of injury or disease "traceable to the extra hazard of service"—and any action in South Korea could fall under that category.

Dependents of those who might lose their lives in action may be entitled to death compensation benefits at wartime rates.

Full wartime rates for disability and death compensation arising under conditions similar to the Korean situation, are authorized by Public Law 359, 77th Congress, passed 12 days after the attack on Pearl Harbor in 1941.

Under that law, wartime rates are payable for disability or

Ladino has not been under way very long in this State, it appears that the plant is not too hard to satisfy. It is less exacting than alfalfa in this respect, says the scientist.

On a soil which was very acid (pH 4.8), says Woodhouse, one ton of ground limestone produced good results during two years of testing. Above that rate, the returns per ton of limestone were barely noticeable.

Liming for Ladino clover is necessary, and profitable, but there is no reason to believe that a high rate of lime or frequent applications are required. Ladino seeded in 1948 responded well to a one-ton application of limestone made in 1938. The best guide is a soil test.

Fresh Water Fish
Survey Crews On Job

Two fresh water fish habitat survey crews are continuing the work of evaluating the habitat of North Carolina's lakes and streams this summer, according to Clyde P. Patton, executive director of the N. C. Wildlife Resources Commission.

One of the crews, under the supervision of Duane Raver, Junior Biologist of the Wildlife Commission's Fish Division, and William Ellis, Jr., also a Junior Biologist, is making a survey of reservoirs on the Yadkin and Catawba Rivers to complete studies of the State's major lakes and

reservoirs, including those in the mountain, piedmont, and coastal plains sections of the State. Sam F. Poole, James R. Charles, and Edward B. Brady, all State College wildlife students, are members of the lake survey crew.

A trout stream survey crew led by Hayden Ratledge, Junior Biologist, is completing a survey of the watersheds in the trout areas of the mountain counties. Crew members of the trout survey party are Henry Davis Jr. and Frank Richardson, also State College wildlife students.

The purpose of the lake and stream surveys is to evaluate the condition of fresh water fish populations and habitat so that the information obtained may be used in fish management and fish stocking.
