### MYF Opposes Cheating

The Senior Methodist Youth Fellowship began a campaign to lessen cheating in our schools by pledging last Sunday morning to refuse personally to cheat, refuse to help others cheat, and to encourage others to join in this campaign. Over twenty young people signed personal pledges to this effect. The Community Service Commission of the MYF instigated this project, realizing that cheating is dishonest and defrauding, and that the Christian will "study to show himself approved unto God" and accept his grades, whether he passes or fails, as his own. A few of the class members who work also signed pledges to practice honesty in their dealings in life, and to render full service for pay received, thus not cheating their employers.

Following a program led by Nan Jean Gant, the project was introduced by Don Patterson, co-chairman of Community Service, and pledge cards were distributed by Phillip Dye, chairman of Community Service.

It is hoped that other young people of the community will join the Methodist youth in their stand against cheating.

### Barbiturates

--and Our Responsibility

To serve effectively the health needs of the community, we are entrusted with the keeping and dispensing of barbiturates, sleeping pills, and other sedatives. These drugs, when properly used according to the physicians directions, can be a boon to suffering mankind. Unfortunately, however, the layman hears and reads much more about their abuse than their use. As a part of our responsibility to the public, we will never, under any circumstance, dispense barbiturates without a prescription from a physician known to us. These prescriptions can not be re-filled and are so labeled before they leave our prescription laboratory.
