## Blanton-Ramsey Cake Cutting

Miss Irene Allen and Mrs. Charles Ramsey entertained at the home of Miss Allen Saturday night, with a beautiful cake cutting for Miss Helen Ramsey, popular bride-elect, and her fiancé, Donald Blanton, following their wedding rehearsal.

For the occasion Miss Ramsey chose a flamingo-red tissue fallie frock which she wore with black accessories.

A lovely bouquet consisting of lavender asters, false dragon and snap dragons centered the mantel in the living room. Candles were used on either end of the mantel. These were hand decorated. The soft shade of lavender and pink was repeated in the dining room where the refreshment table decorations were especially pretty. The table was covered with a Madeira cloth. A three-tiered wedding cake with a miniature bride and groom centered the table. Ivy was used around the cake and at the base of the candelabra. On another table covered with a white linen cloth a large punch bowl nestled in ivy and asters from which lime sherbet punch was served by Mrs. Joe Hedden.

After the traditional first piece of cake had been cut by the bride and groom Miss Diana Gamble cut and served the cake. Others assisting were Misses Margaret Paysour, Joyce Foster and Betty Hayes. Little Patsy and Rose Mal-

# Looking for a Money Saver?

# Better Buy Buick!

**YOU CAN SEE here how smart it is—don't have to be told that it's the most quickly identified car on the road today.**

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

You can check the abundance of its room by the simple expedient of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

**BUT RIGHT NOW,** it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo Drive,\* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.
