AND HIS NEWS OF NEBO VALLEY

Hi Ho! Everybody. Labor Day gone by OK, only swept away 565 they claim. Glad I wasn't numbered in that bunch. The State Highway Safety Council told us how many would be knocked off that day, but why didn't they call out the names. That's the biggest fool thing yet being killed on the highways in a trap. Tell us how many birds they kill off Thanksgiving. Then comes dear old Christmas, with a few more dead souls. They done put out the news that by Dec. 31 one thousand will be slain on highways in these rattle-traps. What fools we mortals be, knowing that life is but a span at best, still we venture on life's uncertain highway and come back in after the big time dead. That's the end of this earth, but we live on in another country. Heaven, maybe hell. Lets quit getting killed on the highways. Life is so sweet, short if you live to the end. I love it, don't you?

A nation like an individual can spend itself into bankruptcy and that is what Harry is going to do if not checked. Oh, let her roll, always a stopping place.

If we are going to fight Communism over the pond. Why not begin first here at home and fight it out of the Capitol and the Nation? What I wish to know, come on explain to me if you can, whether you believe it or not peace on earth is farther away than it was 2,000 year ago.

GOD'S MERCY STORE One of the strangest stores in the world today is in the little town of Waller, Texas. It is called "God's Mercy Store," and is owned by A. D. Purvis. In it is everything from a fish hook to a coffee pot, but no clerks. The customer selects his purchase, shows

three and one half miles long. Did Ford ever beat that?

Yes, the South today with all its advantages is a real home of the brave and fearless. A Northern tourist while passing through Georgia decided to check up on how life went on in these parts. In coming to a farm in the backwoods a man was sprawled on the front porch of the cabin smoking a corn cob pipe, while wife was plowing an old grey mule close by. He approached the man and asked, "Isn't that hard work for your wife?" "Yep," replied the man, "but we work in shifts." In other words, when she gets tired out you take over. "Nope," he snorted, when she gets tired out driving the old mule behind that plow she shifts to the kitchen for a spell." Yes, we all love the South and don't all live in the backwoods of Georgia.

Now they are forcing prices up until they almost reach the skies. Look at sausage 62 cents. No pepper, no sage, just grind it out and sell it. Four times high. A long came Hen Wallace and took off all the little pigs and killed 'em, saying it would make pork cheaper than when the cow jumped over the bloody moon. Now the housewife has no pork chops and no credit at the store, but you can't blame it to Socialism. They never saw a swine. This, our beloved country is headed for chaos, confusion if America don't face right about and fly straight. If you can't realize and recognize this simple truth, you wouldn't be fit to shovel sand into a rat hole. Quit being so ignorant, don't you realize you got a war to fight same as me? If we are forced into it, it's not the first time. We've been fooled into it. Too bad these damned scientists can't find some form of sulfa drugs or penicillin to put them devils to sleep that are raring for us to come and shoot 'em up. Old Joe Stalin, he needs a five gallon jug, for instance, of this penicillin, sulfa stuff. I know why Joe's losing weight, because he's moaning over the uncomfortable circumstances that confronts his dreams of success. Joe, we can tell you what your blight is, it's a certain nightmare that's haunting you, when you realize you will go like dear old Hitler it makes you very sore. I hope to your good luck you get it in the neck.

Agriculture is not only a science and an art, but it is the oldest and highest calling on earth. And the most neglected. Civilization begins with the plow and ends with the plow. We all eat. Just put any Truman promise in your pipe and smoke it if you care to see the picture of Socialism in every puff. Truman's presidential oath seems suggestive. It began by saying "I do solemnly swear I will faithfully execute the office, etc., etc." and our idea is before he is through with this meek, overseas he'll have it permanently executed. What would you say? One thing they had back in the Horse and Buggy Days would come in handy now—is a watch-day over the Treasury. Folks have always been honest while they couldn't get a better chance. Don't trust anyone too far. You may be sorry later. No inducement in offering to pay a man whatever he is worth. Nobody nowadays wants to work that cheap. People who once worked for 50 cents a day and was glad to get work now want

land they will receive a well rounded military preparatory schooling for progress in a specialized Air Force career. The architectural field uses Monel for roofing and for the rods that help hold up masonry and ceilings. In the basic training at Lackland must have a dollar and 30 cents an hour, but I see just as many fools broke today as I ever did. A fool and his honey soon parts—no, a fool and his money soon drift apart. When a fool marries a fool they stay together 'til death do us part. Let's close today's session by rebuking this hell-born sordid infelicitous Communist. The promoters of this sordid slush are the anti-Christian civilization of our free United States. They are broadcasting in their booklets and pamphlets in order to help Communistic pagan crowd to come in and take control of Christian America. They teach no certainty that Jesus ever existed. Now what did the world's greatest historian say when asked what is the most thoroughly established incident in human history promptly replied, "The birth, crucifixion, burial and resurrection of Jesus Christ." Preachers, I'm tell you, if the Archangel Gabriel should come down to earth and mix in human affairs, I believe his character would be assailed within forty-eight hours.

4-H Members Plant Trees

North Carolina 4-H Club members set out nearly a million and a quarter tree seedlings during the 1949-50 winter and spring planting season. John E. Ford, forestry specialist for the State College Extension Service, reported this week.

According to Ford's report, 1,602 club members planted 1,243,725 seedlings during the season. The future of North Carolina's woodlands appears to be in good hands, the specialist commented.

In six different counties, more than 50,000 trees were set out. Montgomery was first in total number of trees set, with 32 boys and girls planting 97,000 seedlings. Mitchell had the largest number of club members participating, with 103 4-Hers setting out 57,500 white pines and tulip poplars.

Aiding in the program were the North Carolina Pulp Company of Plymouth and the Champion Paper and Fiber Company of Canton, which purchased 501,300 pine seedlings for 594 club members during the year. The trees were obtained from State nurseries.

Government Needs Radar Instructors

A notice has been received from the United States Civil Service Commission that an examination for Radar Instructor and Radar Instructor (Trainee) is being announced today for filling positions at Keesler Air Force Base, Biloxi, Mississippi. The salaries are \$3,825 and \$3,100 a year, respectively.

To qualify for the \$3,100 positions, applicants must have had at least 4 years of professional or responsible sub-professional experience in radar repair and maintenance or in instructing in such activities, or experience in electronics research or closely allied fields. Appropriate college study may be substituted for this experience. For the \$3,825 positions, they must have had an additional year of experience as a resident instructor in electrical engineering or physics, or must have completed all requirements for the Master's degree in either of these fields. No written test is required. Applicants for the Trainee jobs must not have passed their thirty-fifth birthday; for the \$3,825 jobs, their sixty-second birthday. Age limits are waived for persons entitled to veteran preference.

Don't Be Satisfied With Symptomatic Relief! HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B1, B2, Iron and Niacin in your system! Read How These Folks Benefited Who Had Such Deficiencies

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the real cause of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.) Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio, "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the real cause of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.) Mrs. J. Sciowinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great "builder-upper" for sick, nervous, puny kids whose systems lack precious Vitamins B1, B2, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.) Mr. Henry Angel, RD No. 1, Springfield, Ohio, "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (How there's a smart man! Mr. Angel took HADACOL and relieved the real cause of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT! Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief - because now it's possible to relieve the cause of such deficiencies with this wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese - vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50. © 1950, The Laffan Corporation

Looking for honest-to-goodness COMFORT? Dean Buick Co. Buick Wildcat

Better Buy Buick! YOU'VE probably heard a lot of talk about comfort in 1950 cars. But we'd like to offer one suggestion, which is - let a Buick speak for itself. We'd like to have you settle yourself (your family too, if you have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are. More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflow Drive* delivers. We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed - and put Buick's soft coil springing and solid underpinning to tough and practical test. All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to. This whole experience is bound to make you want a Buick - and when you ask "how much" you'll get a second pleasant surprise in the low delivered prices your dealer is quoting - prices that start at a level that is actually lower than you'd pay for some sixes. Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed? FOUR-WAY FOREFRONT This rugged front end (1) sets the style note. (2) saves on repair costs - vertical bars are individually replaceable. (3) avoids "locking horns." (4) makes parking and garaging easier. Tune in HENRY J. TAYLOR, ABC Network, every Monday evening. YOUR KEY TO GREATER VALUE
