

Mountaineers Battle Cherryville Friday

Central Gridders Seek Win Here Over Ironmen

Kings Mountain high school's Mountaineers will be gunning for their first victory in the past 14 games with Cherryville high school in the annual encounter set for City Stadium Friday night. Kickoff is set for 7:30 p. m. and the game will mark homecoming for Kings Mountain.

The Mountaineer camp was brighter this week with the return of Gerald Valentine, sophomore tackle and defensive wizard. Valentine suffered a cut foot, missed the Stanley game last week.

Return of Ollie Harris, freshman backfield prospect, to the team also upped spirits in the Kings Mountain camp. Harris was ordered to quit football by his doctor in August, has added some weight and was allowed to return to the team.

This year's meeting of the Kings Mountain and Cherryville teams appears to be a toss-up and presents the Mountaineers with a better than average chance of gaining a victory according to many observers.

Cherryville defeated Cramerton and has lost to Lenoir and Lincolnton in games this season.

Kings Mountain has defeated Dallas (37-7) and Stanley (7-0) and lost to Charlotte Tech 14 to 0. The Cherryville Ironmen's at-

tack is sparked by Tailback Randall and Wingback Blackwelder, both veterans of the powerful 1949 team.

In the line, the Ironmen are paced by Captain Paul Moss, at center, and Co-Captain Dewey Lynn, at tackle, both veterans.

Saturdays Set As Playing Day For Kid Football

Game dates have been shifted to Saturdays for the remainder of the grammar grade football league double headers with the next pair of contests scheduled for City Stadium on October 7.

In the second set of the season, played last Tuesday night, Park-Grace defeated a good East school team 25 to 0 and Central edged West in a thriller 20-14.

Ninth graders added power to the attack of all schools as the rules were amended to allow the upper-classes to play.

Kickoff return touchdowns gallops were featured in both games Tuesday night.

Robert Champion took East school's kickoff on his own 40 yard line and went all the way, Ken Clominger adding the point for a quick 7-0 lead for Park-Grace in the opener.

Jack Fletcher ran Park-Grace's kickoff back 34 yards but the East attack bogged down.

Champion notched the second tally for the winners in the second period, romping over the 10-yard line.

East started another long drive that went 60 yards but was stopped on the 2-yard line at the half.

In the final period Bill Rhea the kickoff back 40 yards and again the East attack failed to hit paydirt.

Champion added another touchdown on a 55-yard run in the third period and East's Terry Ledford was almost away for a score on a 25 yard punt return.

In the final period Bill Rhea slipped over from the 2-yard line for the final tally but Park-Grace

had to stiffen up on defense again to stop another East school drive on the one-yard line as the game ended.

Darvin Moss got Central off to a quick lead, taking a handoff from Richard George on the kickoff and romping 80 yards for a touchdown, Fullback Joe Harrison adding the point after.

West came back with a 50 yard scoring drive to knot the count, Quarterback Jerry Queen marking up 7 points.

Miss continued the action-packed play in the first period by taking the next kickoff back 55 yards on an identical play as his first touchdown run to set up another Central score. Harrison tallied the six-pointer and Miss the point after.

Central climaxed a 70 yard second quarter drive with a six-pointer to ice the game. A pass from Harrison to Cashion and a lateral to George good for 25 yards set up the score, Moss going over from the 8-yard line.

In the third quarter Bill Huffstickler and Earl Maijore ran the West machine for a score in a 55 yard drive, Huffstickler cracking over for the tally and Maijore adding the point.

The game ended with West knocking on the Central goal after a long drive. Two passes were knocked down in the Central endzone as the winners beat the clock.

Train Hits Empty Car Here Friday

A 1941 Chevrolet, in which a couple and their four little girls had been occupants a few minutes previously, was almost completely demolished by a Southern Railway train last Friday afternoon at the Cedar street rail crossing after the vehicle had stalled on the tracks.

Police Chief N. M. Farr said the accident took place at around 3:30 p. m. Friday during a driving rain and stated that the driver a toll.

No doubt this will go a long way, if granted, to improve the telephone service, or at least expand it, at Kings Mountain.

"I would like to add to this letter the fact that I was much impressed with the telephone company's personnel in your city, and I have every reason to believe that they have every desire to provide you with the best of telephone service.

California this fall is experiencing its worst forest fire season in 20 years.

Apparently had misjudged the location of the Cedar street roadbed on the west side of the crossing near Kings Mountain Cotton Oil Co. and had headed up the tracks when the vehicle stalled.

Owner of the car was listed as Arthur C. Eyre, of Oak Ridge, Tenn. Mrs. Eyre was driving the vehicle when it stalled and the couple's four young daughters were also in the automobile.

Chief Farr said that Mr. Eyre told him that he had ordered his family out of the car and had run some 500 feet down the tracks in an attempt to stop the train.

Farr said the man told him the engineer ignored his attempt to flag the oncoming northbound extra freight train.

The Eyres were enroute from Anderson, S. C., on U. S. 29 north and were reportedly crossing the tracks to get some ice for a thermos jug they were carrying.

Conductor of the trains was D. G. Ellis of Greenville, S. C.

California this fall is experiencing its worst forest fire season in 20 years.

More About Local Family

(Cont'd from front page)
family of four had only sufficient time to escape from the fire. Only ashes remained of the home, furnishings and clothing.

Once again the Pressleys got a copy of their farm and home plan from the council and set to work to build their home back. All they had was \$7,500 insurance and Mr. Pressley built by the hour, with the aid of neighbors. Fortunately, the barn and machine shed had not burned.

In April the Pressleys moved into their new seven-room home, completely refurbished, including an all electric kitchen. A new automatic pump house stands at the rear of the house and a new lawn and new shrubbery are growing. A white wooden fence across the farm separates work areas from the living areas, and while the home was building, so was a new poultry house.

At the same time, the Pressleys were in process of revising the farm plan to sow permanent pasture and increase their live stock and poultry production.

Gross U. S. farm income for 1950 is now estimated at 31.5 billion dollars, compared with 32.2 billion in 1949. With farm production expenses higher than last year, realized net income may total about 13 billion dollars compared with 14 billion in 1949 and the postwar record of 17.8 billion in 1947.

PRE CHRISTMAS LAY-A-WAY SALE

it's here... at **GRAYSON'S**

the most modern invention in watch making history

Improved, fully automatic, patented

SELF-WINDING Gothic

JARPROOF

The only watch whose HEART is GUARANTEED A LIFETIME

NO under-winding
NO over-winding
NO forgetting to wind
"It winds its own business"

Amazingly low, priced at only **\$62.50** including Fed. Tax

AT LAST! Now a reality... the watch that Scientists have been dreaming about for centuries. THE WATCH THAT WINDS ITSELF. The nearest thing to perpetual motion! Truly the watch of the future. here for you today. Now you can forget the daily chore of winding... your GOTHIC automatic always remembers! Just set it, put it on your wrist — and it's on the job for a lifetime of dependable service. The natural, normal motions of the wrist keep it fully wound... keep it running with consistent accuracy never before achieved with conventional hand-wound watches

Side view shows this style case and modern non-shatter crystal.

- Self-propelling winding wheel makes complete revolution, gives 2-way winding power.
- Always fully wound while in use.
- Keeps running up to 40 hours after removal from wrist.
- Can be manually wound, too.
- Specially constructed, 3-piece dust-resistant case.
- Handsomely styled for the up-to-the-minute man of action.

Available in Water-resistant and "Dress" models. Our supply is limited. Come in for yours TODAY!
