ADVERTISING

Do you apply this simple and fundamental business principle to the operation of your own business?

Do shoppers visit or call you FIRST . . . because your firm name comes first to mind?

Do they enter your door with CONFIDENCE? The confidence that makes a sale automatic if you can supply the need?

In the rush of business, under the welter of detail, we are all apt to overlook the fundamental truths of good business practice.

John Wanamaker, the apostle of the modern merchant, said, "Newspaper advertising is expensive only to those who don't use it."

Who does the advertising?

Who does the business?

You'll find the very same stores answer both questions.

The surest, most profitable method of sales promotion is consistent, timely advertising in your newspaper.

Herald advertising does not guarantee overwhelming business success, but it represents a profitable form of "business insurance" for you.

It's worth investigating . . . and thinking about. Why not ask for more complete information about how you can put HERALD advertising to work for your business? Just phone 283 and ask for a display advertising man to call on you.
