THE "RAISING"

The "raising of early Colonial times is a perfect example of the American way. Men and women from far and near were glad to join together to help build a home for a newcomer or a young couple getting married. This sturdy spirit of self help and mutual assistance paid dividends.

When you save money here, you are being as truly American as the early colonists. You help make a home possible for a neighbor. Your savings, plus the savings of others, are loaned to deserving people to help them buy or build.

The entire transaction is neighborly... friendly... American. Your savings are thoroughly safe and earn you dividends, yet the borrower benefits by low costs, convenient terms and cordial service. If you would like to save money at a profit, or if you plan to buy or build, see...
