AND HIS NEWS OF NEBO VALLEY

I met my long time friend Red Layton who is running for Commissioner of Ward 1. Red wrote in the Herald just what he stood for. Done wore out two pairs of shoes and talked so much to the good people his mouth was sore. Well, Red you sure did write the Herald a nice letter last week. You did yourself honors. Let us hear from you again.

Garland Stril, candidate for your Mayor, dont mind telling your town about this, that and the other. Mr. Stril keep up the good work.

I called to see my good friends on the Western Front. Believe me those boys are the busiest men in town, but they have time off to treat every one who call so nice.

For a long time I've had the habit like Clyde Hoey, wearing flowers. I grow many flowers. Why can't I wear a bouquet. I love flowers.

Men like nations rise and fall and down to hell go. Its sad but true, no matter how high we may fly, we must by the laws of gravity come down and seek a place to recline.

I notice they are filling up the beautiful new hospital. It should be a good place to recuperate in a hurry, with all its newness. It should help patients to get better fast. We all love new places where people treat us kind.

I'm not trying to offend or defend the man MACARTHUR. He's been on the job long enough. When a man gets 71 he's about shot. Understand men, I'm not trying to prop up Truman. You know how I feel about High Tax Harry. He should of been

fired before you voted him in. Things are getting in a hell of a mess, North, South, East, West, MacArthur and dear old Roosevelt have done more for America than any two heroes since George Washington left the scene of action and passed on to the City Above. All great men remind us in passing, they left their foot prints on the sands of time. MacArthur will do the same. When time shall claim him and place him in a higher Armin, where wars cease forever, and the stars never grow dim. He's done fought the good fight, henceforth for him we hope, we trust a badge of honor will be pinned on him, not five fading stars of earthly glory, but a crown of heavenly fadeless glory. That's when he will be paid for all his hardships on this fleeting life on earth where he did so much for mankind.

Talmadge once remarked that the smallest dewdrop on the meadow at night has a star sleeping in its bosom. So it must be the most insignificant passage of scripture has in its shining truth a wonderful lesson.

George Mueller wrote that he had read the Bible through more than a hundred times in order, and every time with increasing hope and joy for eternal life.

John Parker said he had preached volumes of sermons from the Bible and when he had spoken the last word, his feelings were that he had just not begun it.

I'm sure in these fast moving times we have neglected the reading of this Book Divine. If it was not for this sacred book man in his weakness and sin would not know where he came from or where his final destiny would be. It takes the animal nature out of man.

Let's see what Smart Adolph Hitler was doing just ten years ago. He had just begun to bomb Greek towns from bases in Bulgaria as he massed 500,000 troops on the frontiers of Greece and Turkey and signs pointed to an imminent showdown. Adolph Hitler's speech in ceremonies commemorating the third anniversary of the union of his native Austria with the Reich he had predicted the war would end with a tremendous Nazi victory and then a greater Germany.

Great men remind us we should never fall behind those who make a willful effort to climb.

I've yet to see the righteous forsaken or his seed begging bread. That's America. We have enough praying people on the firing lines that the Lord renders bread from his bounteous store house. Then man cannot live alone on bread. Look what a variety we have. That's what the Bible tells us.

When Jesus was born, if He would of consented to become a military chief thousands would have flocked to stand at his refusal exasperated the people who would have taken him by force and made him their King. People didn't understand the real meaning 2000 years ago when the Christ-Child was born in the Holy City. We understand now, but do we any better than those people who didn't have the lights turned on. I fear not.

America is sowing her wild oats. Lets wonder what the harvest will be. Truman seems to be the boss dog of the bone yard.

It's a fact. No matter how big a tough neck a man may be, sooner or later a woman always manages to get him. Ain't they persistent?

It eases folks conscience when they can find so many other people who are worse than they are. It's the same way. A Communist attracts 5,000 people to a public meeting and reviles God and our Government.

But on the other hand, how many more thousands perform the rights of Christ in a million holy temples at church. A fellow remarked to me the other day that newspapers do not initiate news — that they report what has already happened. Well, we do. But we always try to save some for next week. Suppose nothing didn't happen? Well, we know it will. Never in the history of man have so many things come to pass. We are living in the last dispensation of the world. The Bible has been fulfilled. We are just waiting for the final climax. Wars, rumors of death and destruction ever at our doors. Time is in its flight is ever ushering us on to

PAWNEE CIRCUS CLOWNS HERE FRIDAY—The Junior Chamber of Commerce is sponsoring an appearance here Friday of the famous Pawnee Brothers Circus. The unit will show at the Plunk Show Grounds on Grover road near the city limits, with performances at 2:30 and 8 p. m.

Pawnee Brothers Circus To Exhibit Here Friday At 2:30 And 8 P. M.

Clowns are the Comic Strips and Cartoons to the Pawnee Bros. Circus.

They brighten the performance the same way Mickey Mouse and Donald Duck enliven your movie programs. Their merry interludes relieve the tension of thrilling aerialists and acrobatic feats and exciting animal acts. But make no mistake about the clowns work being a soft snap.

The ability to make people laugh nowadays is an altogether exacting art and calls for a keen knowledge of human psychology and great gifts of originality.

Like the Cartoonist, the Clown draws many of his ideas from current happenings and the humorous foibles of human nature. He must express his ideas in the simplest possible terms so that the audience can get the idea at a fleeting glance. He must exaggerate and distort but always with the expert skill of a caricaturist.

The Pawnee Bros. Circus carries an imposing aggregation of Clowns of all sorts and sizes headed by American and European Buffoons of world renown. Among which are Frank Ople, Billy Winters and Iish McGee.

Pawnee Bros. Circus is coming to Kings Mountain for afternoon and evening performances Friday, April 20th at 2:30 and 8 p. m.

Doors open one hour earlier to the final end. The earth is a grave yard where billions ever repose. What is man that thou art mindful of him in his rapid flight he passes on to the unknown so soon forgotten.

Time is only a passing breeze between blossom and fruit.

A lady is a woman who makes it easy for her husband to be a gentleman.

We can't help men by doing for them what they should do for themselves.

Like the Lamented League of Nations of yesterday, the U. N. stands exposed as nothing more than a glorified debating society of diplomats and powder puffs. No Presidential proclamation is needed to establish that ominous fact. High Tax Harry fired the best military hero in America. What do you think? What does our nation think? What does old Russia think? Oh hell. Look at the ruthless aggression brought on by military forces of Communism and what will Harry gain by firing the best soldier that ever buckled on a sword, and in war time. The biggest blunder in American history. Looks like, smells like, tastes like public indignation. Let's close today's session before I say something foul while things are shaping up for a third world war, and no mad like Roosevelt to lead our armies to victory. If my editor don't fire me, I will next week ring the bell again. So long, ladies, this is your Uncle Henry speaking from the trout bit valley.

First National Bank PRESENTS INTERESTING FACTS ABOUT NORTH CAROLINA. ORTON MANSION This beautiful old Mansion of the Colonial period was built in 1725 by Roger Moore, and was once occupied by Gen. Benjamin Smith, governor of North Carolina 1810-1811. Surrounding the mansion are azaleas, camellias, and boxwoods. The estate consists of 10,000 acres and across the diked marshes visitors rode to the house from the river on small rail cars. Remit with Bank money orders. Takes only a moment to buy.
