Kiser, Billy Wells Post Victories Over Haywood County Junior Nine

Righthander Billy Wells and Southpaw Fred Kiser posted wins over the Haywood County Juniors over the weekend, Wells coming in to stop the Waynesville - Canton team 8 to 7 in 10 innings at Waynesville Saturday afternoon and Kiser tossing an 11-strikeout 23 to 3 win here Monday night. The wins were Kings Mountain's third and fourth, against four losses in League 2, Area 4 state elimination play. Wells came on to relieve Righthander Bill Rhea after Southpaw Darwin Moss, who started, had weakened, and allowed the losers only one run, that in the bottom of the 10th frame, to gain the victory. The Grover youngster needed help in the last frame, Lefty Kiser coming in with two on and two away to force the last hitter to hit into a force out at second to end the game. Kings Mountain slammed out four singles after two were away in the top of the 10th to score the winning runs. Pitcher Wells started the rally with a hot grounder past third, Moss followed with a long single and Ray Mauney, 3b sent Wells scampering in with the untying tally. Jim Kimmell, 2b, slammed out a scorching liner to score Moss with what proved to be the winning marker. Moss, with 3 for 5, and First Baseman Bobby Wells, a cousin of Pitcher Wells, with 3 for 6, led the stickwork. Kimmell and Carl Dellinger, ss, each had 2 for 4. Carl Bell, rf, had singled in Bob Wells with the tying run in the 7th after Haywood Count-

ty tallied five runs in the fourth on a single, a triple, three walks and an outfield error on a hit with the bases loaded that produced four runs. Don Cobb, lf, batted in two runs in the first with a long triple. In the third, Bob Wells doubled in one run and Ken Spencer, c, singled in another after Cobb was intentionally passed to fill the sacks. Dellinger scored a run in the fifth when two Haywood County outfielders ran together on a long fly by Bell. Mauney led the Mountaineers at the plate Monday night with a double and three singles in five trips as Kings Mountain slapped out 17 hits to win going away. Kings Mountain started strong, the first seven hitters in the lineup crossing the plate in the first inning. Another seven-run frame, the 6th, aided the cause as Kiser was tight in the clinches and had control of the Haywood hitters most of the route. He scattered 8 hits, including three doubles and a homer to allow only three runs. There are about 300,000 farm families in North Carolina.

Farmer Sells Off His Kicking Cows

"No more kicking cows for me," says R. J. Adams, Negro farmer of Route 2 Raleigh, who has a first-class milk cow developed from a purebred Jersey heifer bought from the A. and T. College herd at Greensboro three years ago. Adams told W. C. Davenport, Negro farm agent in Wake for the State College Extension Service, that the animal is so gentle that she can be milked anywhere. For that reason he plans to keep her second offspring, a heifer calf, so he will have two good, gentle cows on the farm. The first calf, a male, was sold. "I used to own cows that kicked like mules," the Wake farmer commented. "In fact I had to tie their legs with rope, wire, or anything I could get in order to get a little milk. And if I wasn't careful they would almost kick that over." The purebred is a 4-H Club project for R. J. Jr., but serves the family's needs so well that the father sold off his kicking cows. The Adamses are progressive farmers in the Juniper Level section of Wake County.

LETTER TO THE EDITOR Dear Editor: If you have the patience, and you should have, please give me still a chance and time to prove his worth. You have been here all your life and haven't criticized a mayor and his board yet. It is true that he hasn't done in several weeks what others have failed to do in 75 to 90 years. He has already had some tough breaks from some of our so-called leading citizens. Just because he hasn't started on the projects the Herald thinks he should, well, that's a matter of opinion. Maybe a drop of new blood will help this place. Something has kept a damper on Kings Mountain. The town is well located but fails to grow very much. Everything being equal, I believe it has progressed as slowly as could be expected. The least we can do as city taxpayers is to back our progressive mayor and his board. All he does may not meet with all our approval, but you don't discharge a man because he doesn't do to please you at all times. So let's do more pushing and pulling and less kicking and finding fault. BAXTER PAYSEUR
