### After-Dark Driving Safety Rules Listed

RALEIGH — The coming of longer nights signals the approach of winter, but it is also a danger signal for motorists who will be doing more after-dark driving in the days ahead, warned Motor Vehicles Commissioner L. C. Rosser, today.

Reduced visibility at night is a leading factor in the number of crippling and death dealing traffic accidents occurring after night fall. This is especially true of pedestrians, since 200 persons were either killed or injured by nighttime traffic during the first six months of the year.

The Commissioner urgedly requested every state motorist to: 1. Check vehicle lighting equipment for burned out bulbs or faulty wiring. Check battery and generating equipment to head off a light failure at a crucial moment. Check headlight beams and have them properly aimed for the most effective, non-glare visibility.

2. Carefully observe the state law which requires dimming of headlights when approaching other vehicles. Dim you lights not less than 500 yards away from another car.

3. Reduce driving speed after dark and even further when adverse weather conditions prevail. Never overdrive the car's headlight range—that is, be prepared to stop within the distance clearly illuminated by the headlights. Do not stop an unlighted car or truck on a heavily traveled roadway after dark.

4. Increase watchfulness for pedestrians — especially during rainy or foggy weather.

### Veterans Must Apply For Pension Boosts

Helpless veterans who may be entitled to the new increased pension rate of \$130 per month when they need the regular aid and attendance of another person will have to apply by letter to receive it, Veterans Administration said.

There will be no automatic re-adjustment.

FOR RENT — 3-room apartment. Close in. Call 603-J. n-2.

view of cases now on the pension rolls to determine whether they qualify for the increase from the present rates of \$60 and \$72 per month, VA said.

The new rate results from Public Law 149, 82nd Congress, and becomes effective November 1, 1951 for claims filed prior to that date. Where claim is filed after that date, the award becomes effective as of the date of filing.

Pension is payable to war veterans, subject to certain limitations, who become permanently and totally disabled from causes not due to service. The basic rate is \$60, which is increased to \$72 after ten years of continuous receipt or when the veteran reaches age 65.

The new \$130 rate is not applicable during periods when the veteran is being hospitalized or furnished domiciliary care by VA.
