**UNCLE SAM SAYS**  
DEFENSE BONDS = SECURITY

Of course you know your ABC's but do you know your D's and E's? Under present world conditions, D standing for defense and E standing for Series E Defense Bonds are inseparable. By buying Defense Bonds regularly you help build the nation's economic strength that backs up our defense effort. At the same time you are helping yourself. Every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 years as before. This means that the bond you bought for \$18.75 can return you not just \$25 but as much as \$33.33. A \$37.50 bond pays \$66.66. And so on.

### Vets Repay \$1.5 Billion In Loans

World War II veterans already have repaid in full about \$1.5 billion in GI loans for homes, farms and businesses since the GI loan program went into effect nearly 5 years ago, Veterans Administration announced.

This represents almost 9 per cent of the \$16.8 billion in GI loans closed to January 25, 1952, the latest date for which statistics are available.

In the number of loans repaid in full, the percentage is even greater. A total of 329,749 GI loans have been repaid in full, nearly 12 per cent of the 2,837,651 GI loans closed.

Following is a breakdown of the number of loans repaid in full by type of loans:
