AMERICAN TRUCKING ASSOCIATION, INC.

NC Truckers Association Urging Citizens to Check Cars, Trucks

WINSTON-SALEM — With vehicle faults showing up in 500,000 of the nation's 8,000,000 traffic accidents, the North Carolina Motor Carriers Association is calling for all highway users to make a complete check of the mechanical condition of their trucks or cars.

"Spring Check-up" is the theme of the April National Courtesy and Safety Program of the American Trucking Association, Inc.

"Now is especially a good time to make a thorough inspection," the NCMCA President, J. K. McLean stated today, "because the last four years' experience shows the average motorist death rate on the open road rises steadily from April until the following

winter."

"We pin the cause of this upsurge in the death rate on clearer weather and better road conditions. We also attribute it to the resultant tidal wave of traffic. With a flood of vehicles on the roads, we must consider the increased possibility of collision. Every safety device must be put in order and kept that way."

The trucking official gave steering, tires, brakes, lights, horn and windshield wipers, as chief objects of inspection.

"Just as you go to a dentist for a periodic inspection," he said, "you should have a reliable garage or service station check your car periodically."

GIRL SCOUT News

The Intermediate Girl Scout troop of Grace Methodist church has re-organized. The leaders are Mrs. Polly Williams and Miss Eva Nell Ross.

We elected our patrol leaders: Sunshine patrol leader is Hazel Nance and members are: Peggy Hawkins, Annie Laura Williams, Barbara Wright, and Shirley Allen. Cheerful Patrol leader is Mary Stone and members are Patsy Peterson, Linda Peterson, Lois Hawkins and Janice Putman.

We are now reviewing our Tenderfoot requirements.

To Command New U.S. Superliner

Commodore Harry Manning

Appointed to command the United States Lines' new superliner United States, largest passenger vessel ever built in this country, Captain Harry Manning, commodore of the company's fleet and one of the most distinguished American shipmasters, is now at the Newport News, Va., shipyard where the 900 foot vessel is nearing completion. The United States will sail from New York July 8 on her maiden voyage to Havre and Southampton.

State Labor Supply Numbers 146,266

RALEIGH. — North Carolina had an estimated recruitable labor supply of 146,266 workers on March 25, a number which is not limited to those who are unemployed and seeking jobs, but also others who are not now employed at their highest skills or who may be ready to enter the labor market for the first time.

Included in the State-wide number are 57,020 skilled and semi-skilled workers and 52,830 who are deemed trainable for jobs requiring skills and are under 45 years of age. Broken down another way by the Employment Security Commission's Bureau of Research and Statistics and reported to Chairman Henry E. Kendall, 47,869 are white males and 50,616 are white females, while 23,394 are non-white males and 24,387 are non-white females. The figures are compiled from reports of local public employment office managers and their staffs.

Cleveland County, this report shows, has an estimated 3,100 recruitable workers, including 775 white males, 1,075 white females, 575 non-white males and 675 non-white females.

The curved stereotype plate so essential to modern speed printing appeared in 1861.

A LOT OF FASHION AT A LITTLE PRICE

Rayon Editions in Print That Rate Extra Attention **\$4.95**

Look at the flattery-wise styling... the elegant details of our rayon prints and you'll recognize them as a buy that makes much fashion sense... the most of your budget's dollars and cents!
