Put yourself in my spot...

Every morning Tom went slum banging out of the house muttering, something about sleep. I was definitely on the spot, Tom really looked tired, so my first move was to call in the "voice of experience" - Mother.

2 "Don't worry," said Mother, "all that man of yours needs is a comfortable mattress and a good night's sleep. I bought your father a KINGSDOWN years ago and it's still like new. Tom will sleep on a Kings-down all right."

3 Well, mother knows quality, and it seemed she knew a lot more about mattress construction than I thought she did. KINGSDOWN had some lovely solid colors and several attractive stripes but my selection was an Old Blue.

4 When Tom spotted it at home, he had nothing to say about its beauty, but plenty to say about solid sleep and comfort. "That's the way to buy," said my hero, "now we've got comfort and quality for the rest of our life."
