You are all asked to be present at these services.

All members of the Mosaic Masonic Lodge are asked to be present at your hall by 1:00 to join in the sacred work.

**NEWS OF BYNUM'S CHAPEL**

A quartet singing program will be held at Bynum's Chapel A. M. E. Zion Church the first Sunday night in June which will be the first day of June. The program will be under the direction of Mr. Willie A. Jackson, famous quartet manager of the Kings Mtn. area. It will be sponsored by M. L. Campbell, captain number six of the Bynum Chapel Trustee leaders, to assist in raising the \$2,000.00 cash necessary to begin the new A. M. E. Zion Church on Candler St. To supplement the profit secured from the quartet program, Captain Campbell is also sponsoring a "baby contest" among several members of his club who are now selling tickets in grand style. A meeting of the sponsoring ladies is to be held Thursday night of this week at the parsonage. At this meeting plans are to be adjusted and completed for the successful conclusion of the contest.

Last Sunday was Rally Day at Shilo A. M. E. Zion Church. The sum of \$414.25 was laid on the table. We wish to thank everyone who contributed in this effort. Special appreciation is extended to Mrs. Alma Mitchem,

Mrs. Vivian Lindsey, J. D. Mitchem, Lulu Mitchem for the donations they gave in memory of their husband and father, the late Meek Mitchem.

Mrs. Lizzie Powell of Washington, D. C. spent last week with her father.

Mrs. Cooper of Charlotte will preach at Shilo A. M. E. Zion Church Sunday Evening.

The Kings Mtn. Home Demonstration Club met at the home of Mrs. Sarah Morgan, May 15, at 8 p. m. The home was beautifully decorated with cut flowers.

The president, Mrs. J. A. Gibson opened the meeting with devotion after which a business session was presided over. Then the meeting was turned over to our county agent, Miss I. McVea.

Our demonstration for the evening was "The Seven Basic Foods" and "Planning Menus". All persons present enjoyed the discussion and we are going to see if we can plan better menus for our families.

After the close of the demonstration, The hostesses Mrs. Tommie Adams, Mrs. Rudolph Cole and Mrs. Andrew Roberts served a delicious luncheon consisting of chicken salad, Garlic, potato chips, Open face cream cheese sandwiches, iced tea and chocolate cake roll with whipped cream.

This was enjoyed by all. We were happy to have two new members they were, Mrs. Pearl Goudeock and Miss Daisy Mae Addis.

Adjourned to meet again Thursday night June 12, 1952 at Davidson school at 7:30 p. m. Reporter Mrs. Plot Pressley

#### DAVIDSON SCHOOL NEWS

This is to remind our many parents and friends to not forget our last Operetta for the school year. This Operetta "Down Among the Fairies" will be presented at the Davidson School on Friday May 23, 1952 at 8:00 p. m. by the lower grammar grades. Mrs. Burleen J. Bullock and Miss M. G. Cameron are directors of this operetta.

We don't want you to miss this operetta, so please try to be present and on time so that you will get a good seat.

Taxes on the average motor vehicle and the gasoline it used last year added up to more than the typical motorist paid in federal income taxes.

The average North Carolina car consumes 8,000 gallons of gasoline in its lifetime, and, at present rates, its owner will pay the state and federal governments about \$720 in taxes on that gasoline.

Apple growers who have been waging war against scab and European Red Mites have a new weapon... a weapon that will give them healthier trees and firmer fruit.

The new weapon is the glyoxalidine fungicide, called CRAG Fruit Fungicide 341, a product of Carbide and Carbon Chemicals Company, a Division of Union Carbide and Carbon Corporation.

The glyoxalidine fungicide was first developed in the early 1940's at Boyce Thompson Institute in Yonkers, New York. It was given exhaustive tests before being placed on the commercial market in 1950. It is now recommended or suggested for grower trial in the principal apple growing states where scab is of economic importance.

This fungicide gives excellent apple scab control because it sticks to the foliage and fruit even through prolonged rains. It is less injurious than sulphur and gives better disease control... and is more important too, it is no more irritating to spraying crews than ordinary mild soap.

In tests conducted last year, CRAG Fruit Fungicide 341 afforded the best disease control in seven of eleven states, and was

among the top three products tested on scab control in ten of eleven states.

Coming in a liquid form, it can easily be ladled or poured into a spray tank, and will mix even in cold water. Its properties make it particularly adaptable to use in the new technique of concentrate spraying.

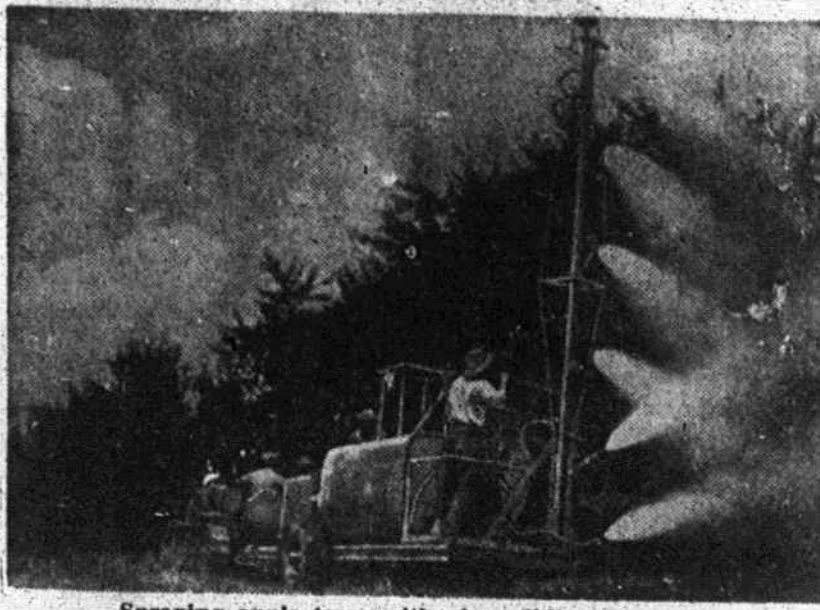

The new fungicide has little or no "back action." Growers use the spray prior to any infection as it prevents infection, rather than stops it. Experiments with "eradicator" type sprays are now being conducted in order that the two types of sprays can be used in combination. Growers are urged to watch state recommendations for further developments on this test program.

Because of its lack of toxicity to the natural predators of European Red Mites this material will substantially assist in the suppression of this pest. One of the largest apple growers in Maine figures he has saved himself seven miteicide sprayings by using this new material. He reported that he could find but few mites in his orchards following one spraying, while his neighbor's trees were so heavily infested that seven and even eight sprayings were necessary to get rid of the pests.

He entered the Army on February 26.

### Boy Scout News

May 14, Troop 2 held its meeting Wednesday night at 7:00. The meeting was started off with the Scout Oath and Scout laws lead by the Scoutmaster. After this we had a short talk from the Scoutmaster.

We then went to patrol meeting where the dues were taken up. We then reassembled and gave our good turn of the week. Two boys had good turns off the storm last Saturday and Sunday. Bobby Myers kept a man from running into a fallen tree and Caswell Morrow reported that a tree had broken a telephone line. We then adjourned to give out papers on registering to vote.

Will Blanton, Jr., Scribe

Gene Turner, third vice president, Vardell Neal, secretary, Charles L. Queen, treasurer, Fred Cockrell, Lion tamer, Frank Goforth, Tall twister, A. B. Davis, directors, one-year term, Sam Goforth, two-year term, Carley Martin and Raymond Barry; and treasurer of cemetery fund, Roy Thompson.

### Rites Held Friday For O. O. Bush

Funeral services for Oscar Olin Bush, 80-year-old retired farmer of route three, were held at Oak Grove Baptist church Friday at 3 p. m.

Rev. C. C. Crow and Rev. H. E. Waldrop officiated and burial was in Mountain Rest cemetery.

Mr. Bush died at Shelby Hospital last Thursday night following an illness of one week.

He was a native of Spartanburg County, S. C., and resided in the Oak Grove community. He was a member of Oak Grove Baptist church.

Survivors include one son, J. A. Bush, of Rock Hill, S. C., two daughters, Mrs. James Mays, of Kings Mountain, and Mrs. Lloyd Dellinger, of Lincolnton, a brother, S. C. Bush, of Belmont, and 13 grandchildren.
