

Mountaineers At Lincolnton Friday Night

Kings Mountain high school's football squad is scheduled to journey to Lincolnton Friday night for another Western AA game with the Lincoln high Wolves. Kickoff is slated at 7:30 p. m.

The battle will pit the conference's only teams yet to post a victory this season. Belmont defeated Lincolnton last week 19-6 to climb from the cellar.

Lincolnton, fielding what is called the youngest team in the school's history and with only three lettermen back, defeated Cowpens, S. C., 13-0 in the opener and has lost five loop engagements since.

The Wolves switched to T-formation this season after securing Frank King, former Bessemer City coach, as assistant to Jack Kiser. Other assistants are Roy Turbyfill and A. M. Troiano.

Lincolnton lost to Morganton week before last by 18-0 and last week Morganton scalped Forest City, 12-0. The Mountaineers lost to Forest City by 12-0.

Coach Shu Carlton's eleven is reportedly in good physical shape for the Friday night contest, with Ollie Harris fast rounding into form after missing the first four games with an injured knee and with several other key players coming around after injuries.

Harris' return to the lineup has taken some of the load off Jim Kimmell and the Mountaineer attack has gained momentum but still lacks touchdown punch. Kings Mountain should hit its stride this week.

The two teams battled to a scoreless deadlock here last year.

Band Director Joe Hayden said yesterday that the Kings Mountain school band would make the trip to Lincolnton.

will show classroom examples of individual and group guidance in industrial and creative arts, home economics, reading and classroom pranks.

The 11-program series will continue through November 25. All parents of school children are being urged to attend the special series of programs.

Snyder Declares Stalin Peace Key

"One man could end war — Joe Stalin," Dr. R. S. Snyder, Charlotte minister and noted authority on Russia, told a disappointingly small crowd at Central School auditorium last Thursday night.

The address, entitled "Communism, Threat of the Future," was sponsored by the Kings Mountain Kiwanis club and the public was invited. Members of the Junior Chamber of Commerce met with the host club at dinner at the school cafeteria preceding the address.

Dr. Snyder addressed a full auditorium at Lincolnton recently at which several members of the Kings Mountain Kiwanis club attended.

"The Commies are telling the peoples of the USSR to 'Hate America' and that intense hate is bound to bring about something evil. Our only hope is the church of Jesus Christ — not the A-bomb," he said.

"We need a tremendous revival in the churches" to combat the trend of communism in the world, he continued.

The Communist believe that "it is inconceivable that any religion could live besides our communist faith" and one of the first steps behind control was extermination of the churches in USSR, he told the group.

Dr. Snyder gave illustrations pointing out how the Communists "indoctrinate" children, "celebration of Christmas in Russia used

Elliott Rites Held Friday

Funeral rites for James Datha Elliott, 69, former chairman of the county hospital board of trustees and prominent farmer, were held Friday afternoon at Poplar Springs Baptist church, with interment following in Cleveland Memorial Park.

Mr. Elliott was stricken with a heart attack on Wednesday afternoon, October 15, and died almost immediately. He was pronounced dead on arrival at Shelby hospital.

The large expansion program of the county hospitals was conducted during his membership on the board. He was a trustee of Gardner-Webb college and a member of Shelby Lions club. His agricultural interests were

to be a glorious occasion," he said, "but now children are gathered in large groups, told that no gifts would be forthcoming from the church but that Stalin would send them gifts."

"They have destroyed the symbolism of Christmas and have advanced the celebration to Stalin's birthday, four days before Christmas," he said.

He gave another graphic incident where a Communist worker at one of the large state farms where children taken from conquered countries are housed. There, he said, he was asked to give grace just before a meal and the worker told the children that 'the American' was going to call on his Lord for food, "I was horrified," he added. Then the worker pointed out a huge picture of Stalin and told the children that he would send food if they asked him and no sooner than they had made the request, waitresses rushed food onto the tables.

"Joe Stalin is the deity, the super-commander-in-chief," he said. Dr. Snyder first visited Russia in 1921 and has made many trips there and to other European countries. He currently gives a radio series of discussions on Communism over WBT, Charlotte.

broad, and he also operated a modern cotton gin. Surviving are his wife, the former Miss Johnnie Packard; and two sons, James Packard Elliott and Ralph Sloan Elliott. Both

sons are married to former Kings Mountain citizens. Mrs. Packard Elliott is the former Miss Mary Frances Gantt and Mrs. Ralph Elliott is the former Miss Sara Mae Falls.
