To World Trade!

I've Worth Carolina can boast the most rin larn marine shipping facilities on the Atlintic seaboard, for at Wilmington and Morehead City, two deep water sea ports have been' developed by a \$7,500,000 state program. The savings in overland freight rates and the opening of these two doors to world trade will contribute greatly in making North Carolina a better place in which to work, play and live.

Another contributing factor to more pleasant living for North Carolinians is the brewing industry's self-regulation program where brewers, wholesalers and retailers-in counties where malt beverage sales are permitted under state control-cooperate to maintain wholesome conditions for the legal sale of beer and ale.

North Carolina's

RALEIGH - North Carolina not only leads every state in the nation in employment in the textile industry, but more than onethird of all employment and more than 55 percent of all manufacturing employment, in the State, as covered by the Employment Security Program, is engaged in the manufacture of textile pro-

Commission of North Carolina, in its current issue, shows that North Carolina mills employed 18.5 percent of all textile workers in the United States in 1951. Pennsylvania makes a poor second with 11.6 percent of the nation's total. Moreover, textiles are manufactured in 72 of the State's 100 counties. In four counemployed; 12 others have more than 5,000 employees; nine more counties have more than 2,500 have more than 1,000 textile wor-

tory and development of the in-Dean Malcolm E. Campbell, on N. \$13,003.00 war expansion in the textile industry, and others.

Articles were written by M. R. Dunnagan, editor, on about 25 of efficiently in 1953 to keep the narthe leading textile manufacturing rowing price-cost gap from closer firms in the State, largely those further and shrinking his net inwith multi-units. These include Cannon, Burlington, Cone, Erwin, Robbins. Textiles - Incorporated, Johnston, Roanoke Rapids group, American & Efird, J. P. Stevens, Firestone, Chathern, Leaksville, Fieldcrest, Collins & Aikman, American Enka, Blue Bell, Biltmore Industries, Rocky Mount

> 10 per cent is in prospect for the Tar Heel dairyman. The pig farmer will also be in better shape in 1953; price for declining supplies of pork is likely to rise as high as 10 per cent above 1952.

Egg prices should be moderatey higher next year than this; broiler prices will be moderately higher during the first half of 1953 and steady during the last

With fewer workers remaining on the farm, wages will be moderately higher in 1953, as will machinery prices; fertilizers and chemicals are likely to remain

Two Minor Accidents Reported By Police

None was injured in two minor traffic accidents in the city this week, according to report of city police officers.

On Sunday morning at 12:45 a, m, two vehicles collided on Shelby nighway while trying to pass a parked tractor, trailer, Officer Ed Martin, who investigated, said that drivers of the cars were Samuel William Thrasher, of 608 W. King st., and Carl Dean Falls, of route three. Driver of the truck was Samuel Andrew Parson, of Easley, S. C., he said. No charges were preferred.

tons of cottonseed, worth \$2,638

North Carolina losses for 1950 according to a previous Council estimate, totaled \$78,273,000, estimated value of 326,967 bales of cotton and 135,484 tons of cotton-

Estimates for both years are based on production figures compiled by the Bureau of Agricul-tural Economics, USDA.

For the 16 major cotton producing states, the Council placed the 1951 cotton pest toll at \$391,-B. C. Lineberger, chairman of 955,000, as compared with \$907, the North Carolina Virginia 884,000 in 1950. The statistics show 1,936,000 bales of cotton and released the estimate today in social to some seed kept out of connection with the sixth annual cotton Insect Control Conference, which will be held in Memphis, 10.11

Cotton pests in North Carolina in 1951, the report pointed out, control conference, sponsored by valued at \$15,675,725, and 37,960 the Cotton Council, is to bring together all interests concerned in a united effort to reduce pes losses. These include state and

in the field of travel

When was the last time you priced the new cars?

When was the last time you matched feature against feature, size against size, horsepower against horsepower - and discovered for yourself which car really tops the value parade?

We'll tell you this -

124 Railroad Ave.

If you put any Buick-Special, Super or ROADMASTER-against other cars of comparable cost, you'll find it the buy-word in the automobile market today.

Not alone on room, and power, and ride and equipment included in the list price.

But also-and this is where your senses must be judge-in the thrill per dollar you get in a Buick.

There's no other way to know the lift in spirit you get when a great Fireball 8 Engine is pouring out its high-mileage power, when Dynaflow Drive* is at its silky work, when a million dollars' worth of ride engineering is cradling your travel in ever-level comfort,

We'll tell you this too-

If you can afford any new car you can afford a Buick. For Buick prices start way down where the so-called "low-priced three" really worry.

Drop in and let us show you the big-thrill buy called Buick.

Equipment, accessories, trim and models are subject to change without notice. "Standard on Roadmaster, optional at extra cost on other Series.

Two great television events: The TV Football Game of the Week every Saturday and Buick Circus Hour every fourth Tuesday.
