LETTER TO THE EDITOR

Dear Citizen,
Today is Thanksgiving. A day on which to take out a minute to say, THANK YOU, DEAR LORD, for your blessings. We citizens of Kings Mountain should be especially thankful for our blessings during the past year. Thankful too that our rate of "seriously ill" persons has been low in comparison to a national scale, though there are many larger cities with a lower rate. The LORD must have indeed shed his cloak of protection about us to keep those dreaded POLIO and TYPHOID Germs under control, because Kings Mountain can boast of so many excellent Germ breeding spots. Something can and should be done about improvement of sanitary conditions before another summer. Your vote YES on Saturday, December 6 will mean the vote of confidence which must come from you before improvements can be made. If you are in doubt about your vote, then prove to yourself that something should be done by driving toward Gastonia on the new highway with your glasses down. Your nose will tell you where the present outmoded city disposal plant now overflows and will say, For Better Health, Vote YES, Sewage Bond Issue, Saturday, December 6. It is your privilege and duty as a citizen. Mack Murray
