

Universal Language . . . Food

SOMEWHERE IN KOREA—(FHTNC)—Accepting her fate as an orphan of war, "Miss Hap," a two-week old Korean kitten, chows down on canned milk piped to her by medicine dropper with the help of Marine Sgt. Frank Praylor of Birmingham, Ala. The Marine adopted the kitten after its mother was killed by a mortar barrage near Bunker Hill. The name, "Miss Hap," Praylor explained, was given the kitten, "because she was born at the wrong place at the wrong time."

Also misplaced were these youngsters—children of some 70 refugees from a North Korean fishing village—who grin with delight as they face their first real meal in many days. Crew members aboard the destroyer USS Cunningham, such as D. H. Bartley, engineman first class, USN, of Fort Wayne, Ind., were pressed into service to pass out huge portions of steaming rice and scrambled eggs to some very grateful customers.

matter with the Student Christian Association, and the decision has been made to undertake the financing of the young Korean's year at the college beginning next September. Officers of the Student Christian Association are: Dolphus Allen, president; Robert Tolar, vice-president; and Charles Keels, treasurer.
Pasture conditions on November 1, 1952 were at their poorest since 1934.

Tips To Santa Claus Shoppers Planning To Give Pups Listed

The number of puppies that will be given as gifts this Christmas will likely set an all-time record, it is predicted by Harry Miller, director of the Galnes Dog Research Center, New York, a leading source of dog information.

Of the estimated 500,000 homes that will acquire a puppy this Yuletide, a substantial number will be right in this area, he states.

Mr. Miller has compiled a list of "pitfalls to be avoided" in adding a puppy to the family circle this Christmas. There is a dog for every purpose, one to suit the age and temperament of any owner, and with a little careful planning each can be sure of getting exactly what is needed or wanted, he suggests.

1. If undecided as to breed, a visit to a dog show, where a variety of breeds are on exhibit, should prove helpful. If no dog show is being held in the vicinity, visits to local kennels of different breeds will help make up your mind.

2. Don't get a puppy too young not under ten or twelve weeks. The younger the puppy the more care it requires.

3. If you are not sure the puppy is healthy, insist on a veterinary statement before purchase.

4. If you want to be sure the pup is purebred, request a registration certificate, which should also show a transfer to you as the new owner.

5. Before taking the pup home, be sure to select a spot in the house he will be able to call his

own. Place his bed there — an ordinary box filled with shredded paper will do — and put near it a toy or rubber ball or bone to help him cut his teeth on and divert his attention from mischievous deeds.

6. Don't stuff him and don't handle him unnecessarily when you get him home, else you may end up with a sick or dead pup. If you are really wise, you will arrange to have him delivered a few days before or after the Christmas day excitement.

Korean Student Funds Sought

MAXTON.—A project to bring a young Korean student to study next year at Presbyterian Junior College has been approved by the Student Christian Association of the college and the first effort to secure gifts for the fund is to be made among the students shortly before they leave for the Christmas holidays. At the same time clothes will be collected for distribution in Korea. Last year the Reverend Hyung Mo Kim of the Korean Presbyterian Church, who was studying at Union Theological Seminary, spoke at Presbyterian Junior College. He has now returned to Korea, where he is principal of Maisan High School in Soonchun, Korea. He wrote some time ago about the son of an elder in the Korean Church who wishes very much to come to America to study. The college chaplain, the Reverend Sheldon F. Koesy, took up the
