

Pony Teams Play Smyre Thursday

Pony League exhibition schedule was announced this week. On June 18, the league is to play Smyre Mill of Gastonia here at the Pony League field near the Legion Hall. Russ Bergman coaches the Smyre team.

On Tuesday, the locals are slated to meet the Gastonia Optimist club here. Sam Flower is coach of the Optimist team.

On June 25, Ralph Johnson's Firestone nine is slated at the Pony field here.

Return dates with the visiting teams have not been set.

KINGS MOUNTAIN'S AMERICAN LEGION JUNIOR BASEBALL TEAM — Pictured above are members of the 1953 Kings Mountain American Legion baseball team which is scheduled to meet Asheville here Friday night. A two-night twin bill will probably be played, beginning at 6 p. m., if Asheville approves the idea. The first game would be a make-up of the rained out game of June 6 at Asheville. The team is slated to meet the strong Gastonia Juniors here Monday night at 8 p. m. The team, first row, left to right, Ken Cloninger, Bobby Wilson, George Harris, Dean Huskey, Earl Marlowe, Giles Bell, Ralph Hord and Palmer Short; back, Manager James Byers, Coach Hal Dedmon, Albert Anderson, Ken Roberts, James Abernathy, J. P. Ellis, Milton Hope, Carl Barnette and Ollie Harris, one of the athletic officers of Legion Post 155, sponsor of the team. (Herald photo by Carlisle Studio.)

The American Peoples Encyclopedia Yearbook reports that the American Cancer Society announced that the 1952 Cancer Crusade for \$16,000,000 passed its goal. The funds were being used to support research, education, and patient service programs.

Since 1945, the society had provided more than \$20,000,000 for cancer research, and in 1952 it awarded more than \$1,500,000 for such projects, including 48 fellowships, amounting to \$196,649. An additional \$1,500,000 went to hospitals and universities conducting co-ordinated research studies. It was announced that 631 approved cancer detection centers were operating in 1952. The number had doubled in ten years, but still was considered only half the number needed.

LITTLE LEAGUE SCHEDULE

Friday, June 19
Jaycees at BurMil
Kiwanis at Park-Grace

Tuesday, June 23
BurMil at Park-Grace
Kiwanis at Jaycees

RESULTS

June 16
Kiwanis 9, BurMil 5
Jaycees 3, Park-Grace 2

June 12
Park-Grace 7, BurMil 4
Kiwanis 3, Jaycees 2

June 9
BurMil 17, Jaycees 1
Park-Grace 8, Kiwanis 0

June 5
BurMil 19, Kiwanis 9
Park-Grace 18, Jaycees 1

Monday Little Loop Night In Gastonia

Monday night is Little League Night at the Gastonia Rocket's home park in Gastonia, Sims Field. All Kings Mountain Little Leaguers in uniform will be admitted to the game free of charge.

Little League players in the Gastonia district have been invited and are urged to be at the park by 7 p. m. Monday to be introduced to the crowd.

The Rockets are champions of the Tri-State league.

Jaycees Hear GOC Program

Kings Mountain Jaycees heard a program on the Air Defense Command's Ground Observation Corps at the regular meeting of the club held at Masonic dining hall Tuesday night.

Dr. R. P. Anstett, of Shelby, Cleveland County GOC director, told the group that Russia could attack the United States in a little more than nine hours from USSR bases and that civic organizations should encourage members to become observers.

Dr. Anstett introduced WO S. Y. de Veries and Sgt. H. Myers of the Charlotte filtration center of GOC. The Charlotte center has the job of recruiting 427 GOC posts in North Carolina and Mr. de Veries said that 1,500 observer helpers are needed now; men, women, and children. Observers need 50 hours of training, he said.

Need for trained observers, it was cited, lies in the fact that radar cannot be trusted in gaps and under 5,000 feet — sight observation is still the best method of identifying enemy aircraft.

The men told the group that Charlotte has been ranked 17th on Russia's most-likely-to-bomb

Dan Finger Wins Handicap Trophy

Dan Finger was presented the Kings Mountain Country Club handicap tournament championship trophy at a golfer's dinner at the club Wednesday night, June 10.

W. J. Fulkerson was presented the runner-up trophy and George W. Mauney and M. H. Biser won semi-finalists trophies.

Mr. Finger defeated Mr. Fulkerson in the final match of the tournament several weeks ago.

Production of 1953 sweet corn in North Carolina is estimated at 720,000 units (5 doz. ears) as of June 1, compared with the 668,000 units harvested in 1952 and the 1949-51 average production of 762,000 units. Such a production, if realized, would mean an average yield of 90 units per acre from the State's 8,000 acres of sweet corn. In 1952, an average yield of 75 units per acre was harvested from 8,900 acres. Harvest is expected to begin around mid-June, continuing in the Mountain counties until late July.

Tigers To Play Here Thursday, Saturday

The Kings Mountain Tigers will play two games here this week, Manager William Orr reports.

On Thursday night, the "Tigers" will face the Shelby "Elks Raiders". The starting pitcher for the "Tigers" will be Sonny Harris.

Saturday night, the "Tigers" will face the "Statesville Blues".

The Kings Mountain team has been away for three weeks, playing in different parts of South Carolina.

The "Tigers" were defeated in Greenville by the "South Carolina All-Stars" by a score of 14-2.

The royal crown of England which now belongs to Elizabeth II, has passed through many modifications, since the early days of Anglo-Saxon princes, according to the American Peoples Encyclopedia. At the Norman conquest, it was a circle of pearls set in gold; later it was elaborated into a radiated diadem.

Douglas RUBBER SEAL

Douglas RUBBER BASE ASPHALT ROOF COATING

- ★ For the first time... asphalt roof coating has been given a natural rubber base!
- ★ Positively seals at joints and cracks because the rubber base expands and contracts with the weather.
- ★ Proved roof coating that will outlast ordinary roof coatings by years! Most economical.
- ★ Apply only one coat... no thinning... spreads easily. At your dealers near!
