There is excepted from the above described lands that certain right of way of Duke Power Company along the front and lot lines.

This the 22nd day of June, 1953.
J. R. DAVIS, Trustee
Davis and White, Attorneys

PERSONALS

Miss Frances Phillips of Lawn-dale was a guest over the weekend of Mr. and Mrs. Jack White.

Mrs. Nettie Hope left Friday night for Jacksonville, Fla., to visit her son, Pfc. Scott Rhyme.

Mrs. George Ciccerano of Boston, Mass. is on an extended visit to relatives in Kings Mountain.

Mrs. Hyatt Jackson and daughter, Mary Gray Jackson of Hendersonville were weekend guests of Mrs. Edith Olive and Mrs. Mae Putman.

Mrs. Bobby Bush left Saturday to join her husband at Fort Jackson after a visit with her parents, Mr. and Mrs. Arnold Kincaid.

Mrs. C. P. Fisher and children of Rockwell are visiting her mother, Mrs. Gus Mauney.

Mrs. Lohr and family have returned to their home in Raleigh after a visit with Mrs. Lohr's mother, Mrs. Gus Mauney.

Mr. and Mrs. Jimmie Simpson and daughter, Sara Elizabeth, were guests over the weekend of Mr. Simpson's father in Hickory.

Miss Janice Stogner left Monday night for Oklahoma City to visit her sister, Mrs. C. L. Black.

Bob Harris of Pasadena, Calif. spent last week with his brother, Ollie Harris, and family. He and Ollie Harris, Jr. left by plane Sunday night for Detroit, Mich. where they will spend several days, enroute to Pasadena.

Mr. and Mrs. Ben Short and Mr. and Mrs. Roy Matthews spent last week at Fontana Village.

Mr. and Mrs. G. T. Stewart and family visited the latter's parents, Mr. and Mrs. M. L. Bell in Mount Holly Sunday. Ned Bell accompanied them home for a visit.

Miss Cornelia Dick left for Montreat Tuesday where she will spend ten days.

Mrs. Norbort Jones and Mrs. William Ware have returned to their home in St. Louis after a visit with Mrs. Ware's parents, Mr. and Mrs. Paul Briggs.

Mrs. R. B. Keeter and daughters, Misses Peggy and Sue Keeter, Mrs. W. S. Hicks, Jr., and baby, were spend-the-day guests Wednesday of Mrs. C. W. Richardson and Miss Pearl Hicks.

Mr. and Mrs. John Sellers of Seattle, Wash. are visiting relatives and friends in Kings Mountain.

J. P. Miller is visiting his sister in New York.

Mr. and Mrs. George Hord and George Hord, Jr., were Chester, S. C. visitors Sunday.

Sonny McDaniel, who has been with his parents, Mr. and Mrs. O. D. McDaniel in Jacksonville, N. C. since school was out, spent several days in Kings Mountain before entering Memorial Hospital school of X-Ray technology.

Mr. and Mrs. E. T. Platt, Cynthia and Franklin Platt, and their guests, Mrs. W. T. Adams, sister of Mrs. Platt, and daughter, Margaret, of Lakeland, Fla., and another niece, Miss Judy Tindall of Kissimmee, Fla., spent the weekend at Boone, going especially to attend the drama, "Horn in the West".

U. S. Woolen mills used almost more apparel wool the first few months of this year than for the same period of 1952. Use of carpet wool was up 27 per cent.

The only way to control boll weevil infestation is to keep a constant check on the number of punctured squares.

NOTICE OF SALE

Under and by virtue of the power of sale contained in a deed of trust given by Phillip Roberts and wife, Lillie Mae Roberts to the undersigned as trustee for the Kings Mountain Building & Loan Association on the 9th day of April, 1948 now on record in the Register of Deeds Office for Cleveland County in book 366 at page 234 to secure the payment of the indebtedness therein mentioned and default having been made in the payment of the same and at the request of the Home Building and Loan Association, I will sell for cash at the courthouse door in Shelby, Cleveland County, North Carolina, on MONDAY, JULY 13, 1953, at 10:00 o'clock a. m., or within legal hours, the following described real estate:

BEGINNING at a stake in D. C. Mauney's line, corner of lot No. 1 and runs thence with line of lot No. 1, 84 1/2 E. 213 feet to a stake; thence N. 36 E. 180 feet to a stake; thence N. 84 1/2 W. 231 feet to a stake in D. C. Mauney's line; thence with his line S. 31 W. 188 feet to the BEGINNING, containing 1 acre, more or less and being lot No. 5 in Section B of the James Rice property as will appear on a map or plat made by A. P. Falls, Surveyor.

This the 8th day of June, 1953.
B. S. NEILL, Trustee.
Davis and White, Attorneys.

Nylon Is Answer To Vacation Need

If members of your family are among the thousands who are looking forward to a trip within the next month or two, you've probably been worrying about what to take in the way of clothing, and how to go about this business of packing.

If you have done much traveling recently, you and nylon are probably old friends by now, but if not, here's a tip from Julia McIver, State College extension specialist in textiles and clothing, that may solve a lot of your packing problems.

Nylon, a miraculous fiber made of coal, air and water is a lifesaver when you're trying to keep your baggage to a minimum and when you don't want to be bothered about pressing every time you change clothes.

Shirts, blouses, dresses, and lingerie made of nylon may be washed and dried in record time — and nylon's non-ironing qualities are an answer to the traveler's prayer.

Nylon articles usually cost a little more than those of other fibers, according to Miss McIver, the long-wearing qualities and ease of care offset the extra cost.

One point to keep in mind when laundering nylon clothing, however, is to be certain never to wash them with colored garments. Nylon can easily pick up almost any color during washing.

A lot of people feel that nylon should be treated just like rayon — that it should only be washed with very mild soap suds and cool water. Such is not the case. Hot water is not injurious to nylon, in fact, nylons will be much whiter and brighter if laundered with reasonably hot water.

The highest general sales tax in the United States is 3 per cent of the retail price — but the state and federal gasoline tax in North Carolina is 44 per cent.

Mauney Interests Drops Close Contest

Mauney Interests Pony league team dropped a close contest to the Gastonia All-Stars at Firestone park in Gastonia Thursday afternoon. Score was 3 to 2.

A walk, an error and a questioned home run in the first inning spelled defeat for Coach Will Grice's nine.

After the first inning, Mauney's Keith Layton settled down to toss two-hit ball the rest of the way, allowing one walk. He struck out 11 over the seven inning bout.

Mitchem had a triple for Kings Mountain's big blow.

The lineup:

Mauney	ab	r	h	Gastonia	ab	r	h
Mitchem	4	1	1	Whitehead	3	0	0
Falls	4	0	0	Murrey	3	0	0
Ross	3	0	0	Poole	3	1	0
Wright	3	0	2	Black	3	1	0
Cash	2	0	1	H. Dellinger	3	1	1
Layton	3	0	0	B. Dellinger	2	0	0
McGinnis	3	2	3	Childress	3	0	0
McCarter	3	0	1	Seebew	2	0	1
Burgardner	3	0	1	Barber	2	0	0
W. Ware	1	0	0				
TOTALS	33	2	8	TOTALS	24	2	4

Struck out for Burgardner in 7th.

KINGS MOUNTAIN 3 00 020 0-3 4
GASTONIA ALL-STARS 300 000 0-2 2

COMPLETES BASIC

Private Marvin E. Ledbetter, son of Mr. and Mrs. Tom Ledbetter of route 3, has completed basic indoctrination and training courses at the Quartermaster Replacement Training Center, Fort Lee, Va.

While in basic training, Pvt. Ledbetter received instruction in combat skills, and was trained in a specific Quartermaster military occupational specialty.

He enlisted in the service April 13th of '53 and was graduated from Bethware high school.

Production of the major North Carolina peach varieties this year is estimated at 1,360,000 bushels, 18 per cent less than the 1,648,000 bushels produced last year.

Estimated milk production in North Carolina during May totaled 159,000,000 pounds, a record for the month.

Never wash your hands with water after peeling onions. Simply rub them with coarse salt and the odor will disappear. A drop or two of vinegar is good too. It's good, also, as a mouth wash after eating onions. Try using it on your pans.

To remove discolorations and burns from all cooking utensils, boil tea in them 15 to 20 minutes. Then clean in the usual way and they will improve.

Soak a charred steak pan in salt water — cleaning is made easier.

When milk boils over on the stove, quickly sprinkle salt on the milk. This is an easy clean-up method and air conditioner for the burned odor.

To keep the coffee pot sweet, boil a weak solution of borax or

soda in it occasionally.

For cleaning decanters or bottles with small necks, peel and cut a raw potato into small pieces. Put the pieces into the decanter with warm water, shake it vigorously up and down and the bottle will soon be clear. Rice is good, also.

In making uncooked frosting, use a hot liquid for moistening; it will take away that distasteful raw taste which uncooked icing has.

Going over the \$2 billion mark for the first time, gasoline and other automotive taxes collected in 1952 by the federal government totaled \$2,100,066,269.

Here today! At your Shell Dealer's
Greatest Gasoline Development in 31 Years
TCP, a Shell discovered additive, now blended into Shell Premium Gasoline, puts an end to greatest cause of power loss. Actually boosts power up to 15%, sparkplug life up to 150%, by counteracting the deposits on sparkplugs and in combustion chambers.
TCP keeps your engine working like new.
Owners of older cars also benefit. Even if your car has gone 30,000 miles or more, your engine can get back much of its original power by the use of Shell Premium with TCP.
Shell Premium with TCP quick to act
So rapidly does Shell Premium with TCP counteract the deposits on sparkplugs and in combustion chambers that you'll feel your engine's had a tune-up before you've finished the second tankful. You enjoy that new car pep again.
NOW IN YOUR TOWN but only at your Shell Dealer's
TCP was originally developed by Shell Research for aviation fuels and until now has been largely restricted to military aircraft.
Today, Shell Premium with TCP is available in this area, but only at Shell Dealer Stations.
New and old engines benefit
If you have a new car, particularly one with a high-compression engine, Shell Premium with TCP is essential if you want it to keep on delivering its original power for the normal life of the sparkplugs. But high-compression or not, Shell Premium with TCP stops the short-circuiting effects of the deposits on sparkplugs and controls pre-ignition of the combustion mixture. This means, for the average motorist, a power boost of up to 15%, an increase in sparkplug life of up to 150%, plus an increase in gasoline mileage!
Shell Premium with TCP is the most important advance in gasoline since the discovery of tetraethyl lead in 1922.
To overcome this condition, Shell Research discovered a fuel additive, TCP. Blended into Shell Premium Gasoline, TCP stops the short-circuiting effects of the deposits on sparkplugs and controls pre-ignition of the combustion mixture. This is especially true when accelerating, climbing hills, or driving on the open highway.
This condition exists in the majority of cars on the road today.
