

On Your Guard *by P.O.*

INCREDIBLE!

TWO ARKANSAS AIR GUARD JET PILOTS RETURNING FROM AN AIR ATTACK ON NORTH KOREA LITERALLY CARRIED HOME THE PLANE OF A FELLOW GUARDSMAN WHO HAD PASSED OUT FROM LACK OF OXYGEN. THEY PLACED THEIR WING TIPS UNDER THE WINGS OF HIS UNCONTROLLED PLANE.

BIRTH OF A GREAT NAME

THE NAME "NATIONAL GUARD" ORIGINATED IN 1824 WHEN THE OLD 7TH REGIMENT OF THE NEW YORK MILITIA TOOK THE NAME IN HONOR OF LAFAYETTE WHO HAD COMMANDED THE FRENCH "GARDE NATIONALE."

GREAT GUARDSMAN TEDDY ROOSEVELT

OUR 26TH PRESIDENT, BEGAN HIS MILITARY CAREER IN THE NEW YORK NATIONAL GUARD IN 1892. HE LATER COMMANDED COMPANY B, 8TH REGIMENT (THE WASHINGTON GREYS).

FINANCIAL SECURITY

NATIONAL GUARDSMEN WITH 20 YEARS SERVICE MAY QUALIFY FOR FREE RETIREMENT PAY AT AGE 60.

Attorney
11:26-12:17

October Busy Month For Highway Patrol

RALEIGH — The State Highway Patrol released its October summary of activities today.

Heading the monthly report were 15,207 arrests. In addition troopers reported they inspected 87,409 vehicles, issued 8,352 warning tickets, investigated 8,294 complaints, weighed 635 vehicles, and inspected 151,592 operators' licenses.

They investigated 2,227 accidents in which 89 were killed and 830 injured.

To carry out their duties patrolmen traveled 2,072,036 miles during October and used 126,000 gallons of gasoline.

Tree Seedlings To Be Planted

If everything works out as planned, the State Department of Conservation and Development's Division of Forestry expects to have about 15 million forest tree seedlings for distribution during the 1953-54 planting season, according to State Forester Fred H. Claridge.

Should the 15 million mark be realized, the 1953-54 output of seedlings will be the largest in the history of the two State-owned nurseries which are located near Clayton in Johnston County and near Hendersonville in Henderson County. Seedling shipments have just been started at both nurseries. To help meet the increased need for seedling trees the C & D Department is building a new nursery near Goldsboro. This nursery will have a maximum capacity of 25 million seedlings.

Increased interest in reforestation and tree plantings in unused ground has been shown throughout the State in recent months and years as landowners and others began to realize more and more the fact that timber is as much a cash crop in a sense as such commodities as cotton, tobacco, corn, potatoes and other cash-producing crops, Claridge said in a report to Director Ben E. Douglas of the Department of Conservation and Development.

Not only have landowners shown an increasing tendency to regard timber as a cash crop and have moved to perpetuate the timber crop by planting more and more seedling trees, but other groups are also showing more interest in seeing to it that North Carolina continues its frontline position as one of the great timber States.

Apparently not generally known is the fact that North Carolina's woodlands, which cover about 58 percent of the State's total area or about 18 million acres in all, last year produced the raw materials from which lumber, paper and furniture products valued at \$773,000,000 were turned out, according to the "Blue Book of Southern Progress", a publication of the Manufacturers

1954 Chevrolets Due December 18

DETROIT — Chevrolet will introduce its 1954 model passenger cars on Friday, December 18.

More than 7,000 retail dealers nationally will display a variety of body styles in events that range from annual open houses to elaborate entertainment programs.

The showings come near the close of one of the company's most successful years. A statement by W. E. Fish, general sales manager, reported 1953 retail sales will be topped only by the record-breaking volume of 1950, once again out-selling all other automotive makes.

Fish described the new models: Record, Maltimore, Md.

Paper and pulp companies, which find numerous uses for raw materials from North Carolina's forests, and the furniture companies, which also depend to a very great extent on various species of trees growing in the State for material for furniture and manufacturing, have long been active in purchasing seedling trees from the Department of Conservation and Development's forestry division. These companies in turn either reforest areas owned by them or else give the seedlings to landowners, who promise to plant them in places where they are most needed.

Looking for a real deal?

Now's the time to save money!

Today's local delivered price of the **BUICK SPECIAL**

2-Door, 6-Passenger Sedan Model 48D (illustrated)

\$ 2305.88

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself — the local delivered price — is the first thing to look for when you're bargain-hunting.

It's this figure less what you get on your trade-in that determines your real cost — the dollar difference you pay.

That means — keep your eye on the dollar difference. The more car it buys, the better deal you make.

So with our low delivered price and

the high trade-in allowances we're giving right now — we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here — more strength in the brawnier frame, more durability in the heavier chassis, more safety in the thicker structural members — than in a long list of cars at this Buick's price or higher.

You also get a lot more in a Buick that the specifications don't show — more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day — with time growing shorter, winter coming closer, and your present car getting old? If you're looking for a real automobile at a real buy in a real deal — come look at Buick right now.
