from all parts of the country and Canada. Comedians, magicians, acrobats, and skating jump champions rounded out the show.

Wonderful dance numbers on the ice by the chorus, Davy Crockett and animal skits delighted the kids and adults alike.

The big fireworks display following the ice show was climaxed by a mock "A Bomb" blast that sent smoke swirling 80 feet into the air in a mushroom shape.

Dancing Waters, a spectacle appearing at a county fair for the first time, was the next step on a full program of entertainment for the visitors.

Combining thousands of feet of electrical wire, numerous pumps, and elaborate lighting, this program was first originated in Europe. Later it was brought to the United States, and made its American debut in Radio Center, where it was received with great enthusiasm.

The waters, controlled by a large board covered with electrical switches, seemed to catch the audience in their magic spell.

It was, in the opinion of the visitors, one of the most captivating features seen at any fair.

Irish Moran and his Hell-Drivers put their cars through a variety of difficult driving feats to close the show for the newsmen.

Slipping, sliding, and racing motors, the Hell-Drivers put on a thrill show unequalled by any past performances here.

To end this thrilling performance, one of the drivers, assisted by jet take off units, literally shot himself and his car from a cannon.

The show went off with no mishaps of any kind, and Moran pointed out that driving skill instead of luck is responsible for the safety of his drivers.

Mr. Moran also pointed out certain safety measures for the average motorist using the highways today.

Dr. J. S. Dorton, who has the reputation of getting what he wants in the way of entertainment, has brought the greatest features ever seen here for this year's fair.

Cleveland County Fair is certainly living up to its reputation as "the world's biggest and best county fair."

The fair will continue through Saturday with the same thrills and spectacles that opened Tuesday.

The Ice Varieties will be seen each night at 8 o'clock in the grandstand.

The World's Championship Rodeo will be presented Thursday afternoon and Friday afternoon. The Rodeo will also be presented Friday and Saturday nights at the late grandstand attraction.

Jack Kochman's Lucky Dogs, 20 racing greyhounds, will be seen Thursday night at the late show in the grandstand.

Saturday afternoon, the Big Car Auto Race will be held on the grandstand track, with some of the best drivers in the country participating. This race is sanctioned by United Racing Club, and is under the direction

had agreed to set the value, insurance wise, for the contents at \$80,000, with \$64,000 insurance coverage.

Monday night, however, it was brought out that an experienced insurance adjuster should be brought in to check these figures. Some of the board members, after discussing the matter, felt that the value might be set too low.

Re-lighting of Davidson High school rooms in use will be done by L. A. Hoke for \$240-\$260 depending upon the type of equipment used. The board authorized his employment, after hearing a report from F. W. Plonk.

Mr. Plonk reported that additional circuits will have to be installed to bring the lighting up to state specifications.

Attending Monday's meeting were A. W. Kincaid, chairman of the school board; F. W. Plonk, vice chairman; J. W. Webster, J. R. Davis, B. N. Barnes, Dr. P. G. Padgett, and T. W. Cothran.

Bethware Fair Has Good Year

Myers Hambright, manager of Bethware Fair, reports that the fair was a great success this year.

"The fair's attendance was up over last year's mark, which was the best in the history of the fair.

The lunch room, operated by Mrs. J. K. Willis, also reported an increase in its business this year.

Miss Nancy McGinnis, sponsor of the Senior Booth, said that the booth showed a great improvement over last year's totals.

The rides and other entertainment features along the midway according to Mr. Hambright, also experienced a better year than in the past.

Mr. Hambright added that the cooperation received this year was the best ever, and that every effort is being made to present even a better fair next year.

This annual event is sponsored each year by the Bethware Progressive Club.

Lions Send Check For Flood Relief

The Kings Mountain Lions club has forwarded a check of \$25 to the Lions club of Winsted, Conn., a city heavily damaged in the recent flash flood which wrecked New England and other states.

The Lions had considered a donation to the Red Cross, but were informed the Red Cross had already attained its disaster relief goal.

The club members then made a free will offering to be sent to the Winsted club for flood relief aid.

Car Rams Store, Three Injured

Three persons were slightly injured Saturday afternoon when a 1950 Buick struck a parked 1949 Chevrolet and proceeded to ram into the front of Cornwell's Grocery on E. King street.

Charged with driving drunk was Martha Evans Parker, Negress of route 1, operator of the Buick.

Listed by police as injured were Mrs. Dewitt Cornwell, wife of the owner of the store, Gwendolyn Smith, passenger in the Buick, and Lillie Bumgardner, passenger in the Chevrolet. Mrs. Cornwell was inside the store at the time the accident occurred.

Police stated the Chevrolet, owned by Haskel Bumgardner, was parked in the drive between gas pump and store. The driver of the Buick, which had also been parked at the store, backed into the street, then pulled straight across the street and back into the drive of the store, striking the front end of the Chevrolet and ramming into the front of the building.

The charge against the Negress, who made bond of \$200, has been set for a trial by jury in Shelby.

Damage to the store building, store fixtures, and store produce was estimated to total \$740. Damage to the Buick was estimated at \$350.
