Bell Promotes Lott, Alexander

Southern Bell Telephone and Telegraph Company has announced the appointment of its North Carolina commercial manager, Clarence L. Lott of Charlotte, as the company's commercial operations engineer.

Harry Y. Alexander, formerly Charlotte district manager and presently general commercial supervisor, will succeed Mr. Lott. The changes are effective April 1.

In this new job, Mr. Lott will serve in company's headquarters in Atlanta in coordinating commercial operations throughout Southern Bell's nine-state area. He served as South Florida manager prior to being appointed to his present job in 1953.

An alumnus of Mercer College and the Georgia Institute of Technology, Mr. Lott joined the Utility in 1925 in Macon, Ga. Successive assignments included Kentucky and Tennessee. He later served as District Manager in Montgomery and Birmingham, Ala., and Miami, Fla.

Mr. Alexander is a native of Mecklenburg county. He attended local schools and graduated from Davidson College in 1926, following which he joined Southern Bell in Charlotte. Assignments in North and South Carolina followed.

Headed HOME! When your family is returning from a trip, or an afternoon outing through the countryside, are you headed HOME? Your own home, we mean. Or are you returning to a house owned by somebody else? If you haven't yet learned the good feeling of home ownership, the real inner satisfaction which comes to those families who live under their own roofs, perhaps you need to see us. Our specialty is making home owners out of Kings Mountain citizens, a pleasant chore we've been handling in ever-increasing number since 1907. Many people look over their budgets and decide without too thorough a check that they "can't afford" to become home owners. Others take a second look, examine our convenient, reasonable loan terms and re-payment schedules, and find that, after all, they can fit a home of their own into scheme of living. We invite you to visit our office and tell us your financing needs on a new home. Many have done it. Many are doing it. And odds are you can do it too.
