

Singing Tree Music Highlight Of Yule Season

With performances scheduled for December 13 and 14, Charlotte's "Singing Christmas Tree" will celebrate its fifth anniversary as the musical highlight of the Piedmont Carolinas holiday season. The Charlotte Choral Society and The Charlotte Observer sponsor the annual event for benefit of Observer Charities, Inc.

The spectacularly staged program, which has received international attention, will be given in 2500-seat Owens Auditorium at 8:15 p. m.

More than 90 members of the Choral Society will perform Christmas anthems, carols and spirituals from a 27-foot circular platform constructed in the shape of a gigantic Christmas tree. Stage settings, completely revised for the 1960 production, will depict the "Tree" in a series of mountain scenes, including the Swiss Alps and the Great Smokies.

Tickets may be purchased at two locations in downtown Charlotte: the National Hat Shop, 114 S. Tryon Street, and the lobby of The Observer, 600 S. Tryon Street. Prices are \$1.50 for adults and 75c for children. No seats are reserved.

Mail orders will be filled when accompanied by a check or money order (payable to Observer Charities, Inc.) and a stamped-addressed envelope. Orders should be addressed to "The Singing Christmas Tree," c/o The Charlotte Observer, Charlotte 1, N. C., and should include an indication of which night's performance is desired.

Mike Varner, 19, of Atlanta, Ga., told police that someone broke into his garage and stole 200 pounds of weight lifting equipment.

MANY METHODS USED IN DRYING FLOWERS Mrs. Wise Burgess of Old Trap Club in Camden County is now reaping big rewards from her spring and summer's work in collecting and drying materials. She has recently finished 51 pieces of driftwood and made 58 dried flower arrangements.

Mrs. Mamie Sawyer, home economics agent in Camden County, says Mrs. Burgess uses many methods of preserving the materials — upside-down method, pressing, glycerine, and borax. Mrs. Burgess says, "You get different colors according to the method you use in drying which gives you more variety in color with which to work."

FURNITURE GETS NEW LOOK Many hours of hard work paid off for the Sunshine Home Demonstration Club of Rutherford County. Mrs. Kenneth Melton, Bostic, Rt. 1, who is president of the club, worked with her club members in completely refinishing a dining room suite. The suite which was put on exhibit included four chairs, round table and buffet. The entire cost of the refinishing process was \$38.

Miss Eugenia Ware, home economics agent, says the suite was of English origin with a spiral oak design.

Fire Deaths During Holiday Remain High

How many persons will die in fires during the Christmas holidays? "Not a one, necessarily," the National Safety Council declared today. "The grim picture of frequent fires at Christmas does not need to be — not if people take a few precautions."

The Council cited these facts about fires: 1. More than 1,000 persons died last year in December — month when most fire deaths occurred.

2. Chief victims are the very young — children under 5 — and persons 75 years of age or more.

3. In recent years, more than half a million homes have been struck by fire.

4. Fire losses in the home will total more than 300 million dollars this year. To keep yourself and your loved ones from becoming fire victims, the National Safety Council makes these life-saving suggestions: —Don't let gift wrappings accumulate so they become a fire hazard. —Don't smoke in bed. And at holiday get-togethers, use deep ash trays that will hold burning cigarettes securely. —Check your Christmas tree wiring for possible shorts. Better to buy a new string of lights than to risk having tragedy visit your home. —Don't leave the Christmas tree lights burning if you're away from home or out of the room for long. —Don't put your tree up too early. And don't leave it up so long it gets dried out. Keep it moist. —Metallic Christmas trees are fine — if you use the floor floodlights most manufacturers recommend. Don't risk a death-dealing short by putting a string of lights on a metallic tree.
