## Flower Arranging Program Heard

Mrs. W. L. Pressly gave a program on flower arranging for wives of ministers of Kings Mountain Baptist Association when they held a regular meeting Friday afternoon in the recreation room of Kings Mountain Baptist church.

Mrs. Marion DuBose, Mrs. Albert Hastings, Mrs. Norman Brown and Mrs. Jack Weaver were hostesses.

Mrs. Pressly, wife of the minister of Boyce Memorial AFB church, is a flower show judge and an active garden club member. She displayed three different types of containers and in each made an arrangement suitable for it.

Valentine decorations lent a party-like air to the assembly room and also to the refreshment plates when hostesses served a dessert course.

Mrs. E. S. Elliott led the opening devotional.

## Try Meat Dishes During February

February is full of good news. The best news yet is that meat will be plentiful throughout the month.

"For a special dinner, why not take advantage of the supply of high quality lamb that's coming to market?" says Mrs. Ruby P. Uzzle, consumer marketing specialist for the N. C. Agricultural Extension Service.

"Look for good buys in beef, especially among the Turkey favorites. Beef supplies are expected to be about 8 per cent higher than a year ago. Most of this increase will be of the stew, hamburger, and pot roast type. Perhaps you'll want to serve a ground meat casserole for a family party, or a hearty stew for the youngsters on February's home-from-school days."

"To stretch the meat dollar, look for economy in the three-way use of a pork shoulder roast," says Mrs. Uzzle. "If you buy a larger-than-usual roast, about six pounds, it can be cut and used for three completely different meat dishes. From a large pork shoulder roast, you can have three or four pork steaks, a sizeable pork roast, and diced pork for barbecue. Ask your butcher to cut off the steaks and a good size piece from the other end of the roast which you can cube for barbecue."

With old man winter really here, now is the time we like to have "heartier" than usual meals — and also now is the time that many of us are trying to stretch our food dollar and still feed our families nutritious meals. If this is your problem, don't overlook the high nutritive value of thrifty cuts in menu plans.

Longer jacket of the suit is accented by narrow cobra belt. Both are lightweight British woolen plaid by George Carmel.

## Bright Coats And Suits For Spring Appearing In Wide Selections Of Colors, Styles, Fabrics

Women who are thinking of new wardrobes for spring are likely to be thinking in terms of travel. Too, this, at any rate, is the premise from which most of the current approach to fashion has evolved.

Both fluctuating spring temperatures and travel plans call for adaptable coats, and fashion responds with styles in fabrics always amenable to weather changes.

New coats have these standout trends: 1) cape-influenced fullness; 2) collarless necklines; and 3) color, color, color. Fresh-looking shape is the

coat that starts with a collarless, or nearly so, neckline and then swings out in a swirl of fabric. There are full coats with deep armholes and cape backs and some "real" capes, full length or shorter.

Narrow coats are by no means neglected. They make their own fashion news with side closings, side slash and, of course, collarless necklines.

The fitted coat gets new treatment in Spring 1961. It's really demi-fitted, and may take a low-placed easy belt.

Designers play up the no-collar look. There are cardigan

necklines, stand-up ring collars, flat band collars. In the cases where a genuine collar appears, it's apt to be a cowl or a cape effect. More conventional collars stand away from the throat, leaving space for scarves or jewelry.

With simplicity the rule in styling, color gets a chance to glow, and glow it does in strawberry pinks, purple violets, tangerine lemons, greens, turquoise, orange, too.

Navies are brightened, beige is a string or sand color and black is more emphasized.
