stadium field house, though Mr. Still suggested the city schools might share some of the cost.

To a question by Gene Timms, Mr. Dixon, a Republican, repeated he did not intend for party lines to enter his management of the city.

All said they favored employment of a full-time Negro policeman, and Mayor Bridges recalled that it was he who had first recommended the addition of a Negro policeman to the Kings Mountain police force.

Both Mr. Saunders and Mr. Dixon said, in specifying their industry-getting plans, they would appoint a citizens committee to work on the problem.

Mr. Still, who had compared local outside water rates to Shelby's in a campaign circular, said one reason for the differential is that Shelby's inside city rates are much less lower than Kings Mountain's.

Mayor Bridges re-iterated his statement that the city loses money on its water operations.

and Mrs. George Moore, will render special music. Rev. George Moore will pronounce the benediction.

May Fellowship Day is one of three annual observances sponsored by churchwomen. Mrs. J. H. Arthur, publicity chairman, pointed out that the theme this year points up "our responsibility not only as individuals but as Christian groups. The responsibility and the freedom of the churches are matters of national concern."

Mrs. L. L. Lohr, president of the Council of Church Women, issued an invitation to the community to join in the special service. An offering will be received for benefit of the Migrant Work.

Rural Box Program Asked

The annual rural mail box improvement program to assist the Postal Service in providing more efficient deliveries and to stimulate efforts to improve the appearance of the countryside will be held May 15 to 21, the Post Office Department announced today.

The program is to encourage patrons to provide suitable mail receptacles erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection to the mail.

The Post Office Department listed these suggestions for rural mail box improvement:

Boxes which are not properly erected, or not maintained in good serviceable condition retard the delivery of mail and expose it to the weather.

Boxes which are no longer serviceable should be replaced.

Name of box owner should be inscribed on the side of the box visible to the carrier as he approaches, or on the door if boxes are grouped.

Boxes and supports should be kept painted preferably white, but other colors may be used.

Mail boxes on rural and star routes must be located on the right side of the road in the direction of travel of the carriers in all cases where traffic conditions are such that it would be dangerous for the carriers to drive to the left in order to serve the boxes, or where their doing so would constitute a violation of State or local traffic laws and regulations. The approaches to boxes should be filled and properly graded and unobstructed at all times.

Be Ready For Success Said Brock

"Be ready when your opportunity comes, this is what makes success," said John Brock, Jaycee national director, in a speech prior to installing new officers of the Kings Mountain club in Ladies' Night festivities Tuesday night at the Woman's Club.

Brock was quoting English Prime Minister Disraeli and furthered the point with a statement by playwright Moss Hart who said a sense of timing is elementary to success.

Brock noted that the success he spoke of was not necessarily of a monetary nature, but more explicitly a success of one's life.

He pointed out Jaycees have a great opportunity for personal success by following the creed and aims of the club. In the club's community betterment program, members have leadership training and come to realize the true values of living, he said.

He noted the new officers had made a further step in their training and wished them success.

New president of the Jaycees is Jim Lybrand. First vice-president is Bill Allen and second vice-president is Herman Sparks. Treasurer for the coming year is John Wardick, and Jaybird is Bob Pearson.

Directors elected are David Kincaid, Thomas Droppers, and Raymond E. Goforth.

Brock also presented Deibert Dixon with an "exhausted rooster" pin. Dixon aged out of the club effective of the Tuesday meeting. Age limits for membership in the Jaycees is from 21 to 36.

Special guests present for the Ladies' Night Banquet included Tom Trot, president of the Rotary Club; Mr. and Mrs. George Thomason, representing the Lions Club; Mr. and Mrs. George Houser, representing the Woman's Club; Mr. and Mrs. Dean Payne, representing the Optimist Club; Miss Elizabeth Stewart, representing the Junior Woman's Club; district vice-president Henry Whitesides and his wife; Cliff Reeves, also a district vice-president; Mr. and Mrs. Luther Joy; H. H. Campbell and Mr. and Mrs. Jacob Cooper.

A program of exhibition dancing was presented by Mr. and Mrs. William Curtin, instructors with the Arthur Murray Dance Studios in Charlotte.

A feature of the program was an audience participation contest. Contestants were Mr. and Mrs. Herman Sparks, Mr. and Mrs. Jim Lybrand, Mr. and Mrs. Otis Falls, Jr., and Mr. and Mrs. Henry Whitesides.

Top honors in the contest went to Mrs. Henry Whitesides and Herman Sparks.

system of such a plan, said the voting would be done by separate districts such as Kings Mountain City Administrative district and the Shelby Administrative district and a majority of each district must vote to enter the county-wide plan or that district would remain intact and unmerged. If the Shelby district voted "no," it would remain the Shelby district and not be a part of a county-wide system, he pointed out.

In reply to a question of how the county-wide plan would affect No. 3 school Mr. Grigg said, "I shudder to mention it, considering the recent No. 4 Township controversy, but if a county-wide plan were effected, the county board of education could move some of the Grover and Bethware folks over to No. 3 school and we could keep No. 3 School as it is, which we planned originally."
