"It is my recommendation that Mr. Bobby E. Henson, number 1 on the eligible list, and Mr. Fred A. Tate, number 3 on the eligible list, be appointed to fill the two vacancies existing in the position of rural mail carrier at Kings Mountain.

"Both Mr. Henson and Mr. Tate are veterans and are men of very fine character. I feel that they will make excellent rural carriers.

wrecked car, Carl Grady Carpenter, treated for bruises and swelling and then released from the hospital. According to Trooper E. J. Childress, Carpenter was driving west on State Route 75 when he met two cars coming toward him side by side on a hill crest. Carpenter told the patrolman that neither car gave him any room to pass and he was forced off the road and heading into the pole. Neither car reportedly slowed down after the accident. Investigation by the State Highway Patrol continues in order to locate the drivers.

Mr. Lewis was first married to the late Susan Robinson and to them were born four daughters and two sons, Mrs. Robert Robinson of Kings Mountain; Mrs. Charles Helton, George E. and Carl M. Two sisters, Mrs. Flora Lewis of Gastonia and Mrs. Hattie Rhine of Dallas; three brothers, Weaver, Roy and Earl Lewis, all of Gastonia, 16 grandchildren and 10 great-grandchildren also survive.

\$7 Million Yearly In Social Security

Cleveland County receives \$7 million annually in social security benefits, Lex G. Barkley, Gastonia Social Security district manager, said in an address here Tuesday.

Mr. Barkley, speaking to Rotarians at a luncheon meeting, noted that his office serves citizens of Cleveland, Gaston, Lincoln and Rutherford counties.

"Don't neglect to make your claims and call on us at any time for service," Mr. Barkley said in inviting Kings Mountain area citizens to avail themselves of this service.

Mr. Barkley, speaking on a program arranged by Neil O. Johnson, also pointed out the innovations in the Social Security laws.

This Okra Pod Meal For Family

Okra fanciers should see Arthur Sanders.

The West Mountain street resident and city electrical department lineman has a crop of "running" okra that has run to quite some size. A prize pod he exhibited over the weekend should supply a couple of meals for a family of a dozen or more.

The pod would put to shame a large ear of corn. This okra pod, growing from the vine in ten days, measures 18 inches in length, 8.5 inches in circumference.

Georgia Man In Wreck Here

Paul Troy Morgan, of route 2, Trenton, Georgia, was charged with a stop light violation Sunday after an automobile accident on E. King Street which involved high property damage and resulted in injury to three persons.

Taken to Kings Mountain Hospital for treatment of injuries were Georgia Newton, of Route 2, Raleigh; Willard Dean, of Durham; and Leon Morgan, of Trenton, Georgia.

Investigating officer J. D. Barrett reported Morgan ran a red light at the intersection of E. King Street and Cleveland Avenue, striking a second car in the right side as the driver attempted to make a left turn from E. King Street in to Bridges Texaco Service Station lot.

The other vehicle was driven by Jimmy Douglas Taylor, of Route 2, Raleigh.

Taylor was headed west on E. King Street and Morgan was headed east. Damage to Morgan's car was estimated at \$400. The Taylor vehicle was listed as a total loss.

A Monday accident at the intersection of Chestnut and Parker Streets at 7:00 p. m. involved cars driven by Donald Wayne Champion, of 504 Katherine Avenue, and Dave Huffstetler, of Walnut Street.

Officers William Roper and B. P. Cook reported Champion made a right turn from Parker Street onto Chestnut Street, ran too far over on the left side of the road, and hit the Huffstetler vehicle on the left front fender. Damages were not listed on the police report.

School Site Survey Complete

Surveying of the new high school site was completed during the past week and the information is in the hands of J. R. Davis, city school's attorney. Board action on transfer of deeds for the property is anticipated in the next few days.

J. D. Turner, of Lawndale registered surveyor, did the survey.

The school site, located on Phifer Road, is in two tracts, some 20 acres owned by Neisler Brothers, Inc., and about 59 acres owned by the Phifer Estate.

Approximate price of the site was previously set at \$26,500, two gifts reducing the optioned price by a minimum of \$12,500.

August Is Tax Discount Time

It's tax discount time again in city and county, but the tax collector's aren't in too great a hurry.

Neither the county nor Kings Mountain tax office has quite completed the chore of preparing annual ad valorem tax notices and it'll simplify bookkeeping if early payers, who wish to earn the fully allowable two percent discount, to defer payment until about August 10.

Joe McDaniel, Jr., city clerk and acting tax collector, said that notices will be mailed by mid-month to all city taxpayers.

Robert M. Gidney, county tax collector, said his office would follow its customary policy: 1) notices will be mailed within a few days to all citizens who pre-paid taxes last year; and 2) notices will be mailed on request to any citizen wishing to pre-pay taxes this month.

Past history indicates citizens will earn discounts on about one-third of both the county and city tax bills.

Program for the event includes plant tours in the area and dinner at the Grove Park Inn in Asheville.

Non-purchases of an estimated \$1000 in privilege licenses owe license fees plus five per cent penalties Thursday.

Sales picked up near the deadline, with license purchases through Tuesday of \$4435.25. However, the total was still \$1065 shy of the \$5500 the city expects from this tax during the current fiscal year.

Licenses were due July 1, with penalty of five percent per month applying August 2.
