Mr. and Mrs. Bob Glasgow have returned to Fort Worth, Texas after a Christmas visit with their parents, Mr. and Mrs. Henry Putnam of Kings Mountain and Mr. and Mrs. D. E. Kerley of Longhurst. Mrs. Glasgow will return to her teaching position in Fort Worth and Mr. Glasgow will return to his studies at Southwestern Baptist Seminary. Mrs. Glasgow is the former Judy Putnam.

Mr. and Mrs. Paul Roper and daughter, Paula and Mr. and Mrs. Ivy Roper and son, Mike visited Mr. and Mrs. Jim Roper in Lake Waccamaw during the weekend. The Kings Mountain Ropers went especially to see the new baby born December 17th to the Jim Ropers. Mrs. Roper is the former Maxine Hull of Brevard.

The First Presbyterian church recreation hall on Jan. 4. Pat, who was four years old on Jan. 2, and Kelley, who will be five Jan. 12, each had a doll and a brunette for Kelley and a blonde for Pat. The dolls were blue and white, and had pink streamers which fell from their waists. Pink candles completed the cake arrangements.

Guests were Ashley Plonk, Elizabeth Ann Harrill, Mary Cathlynn Mauney, Colleen Forsyth, Becky Blanton, Elizabeth Jelske, Laura Carpenter, Debby Timms, Terry Glass, Julie and Sallee Durham and Mary Louise Adams, all of Kings Mountain, and Holly Rountree and Becky Scruggs of Grover.

One boy was also a guest. Darrell Austin accompanied his mother, Mrs. Shirley Falls Adams who led the "on-the-donkey" was also served by "Birthday" and were served ice cream and cake with cokes by the hostesses.

Kelley and Pat received many gifts and presented each gift with a favor of a china figurine depicting a nursery rhyme.

The history of a steel rail is recorded in symbols rolled into its web. Any standard rail can be traced back to the furnace in which it was made, the particular "heat" of steel from which it came and the portion of the ingot from which it was rolled.

Poultry and eggs now account for nearly one-sixth of North Carolina farm income, ranking second only to tobacco.

Poultry specialist at N. C. State say that one person, using automated equipment, can take care of about 8,000 layers today as easily as he could handle 800 layers a few years ago.

Livestock producers must be especially alert to parasite dangers in the winter. Dr. Bill Perryman, extension livestock specialist at North Carolina State points out that both internal and external parasites build up under the crowded feeding conditions that are common during the winter months.

While estimating a 11 per cent increase in professional and technical help during the 1960's and a 21 per cent increase in skilled workers, the U. S. Labor Department predicts no need at all for additional unskilled workers.
