big new V8 power big new self-adjusting brakes

CHEVY II by Chevrolet

You don't need a big car to get big performance. Not any more. You'll quickly see why when you check the '64 Chevy II.

There are two new higher performance optional-at-extracost engines for you to pick from. One is Chevrolet's strapping 195-hp Turbo-Fire V8. The other is a new chrome-trimmed 155-hp Turbo-Thrift Six.

If you've got a mountain to climb or a truck to pass, these are the engines that can leave either one safely behind you. In fact, this new Chevy II packs a wallop everywhere but in your wallet.

RAILBOAD AVENUE

New brakes match this power, too. Bigger, to dissipate heat faster. Self-adjusting, to save you money. Other easy-care features include Delcotron generator and a fully alumi-

Chevy II is smartly styled outside, comfortable inside.
There are a lot of models to choose from. A lot of extra-cost accessories to customize it just about any way you'd like. And a whole lot of fun to look forward to. At a very low cost. Test drive Chevy II at your Chevrolet dealer's soon. You'll like it!
