We've Building In '64

Sure, we're grinning... we're building a new home in 1964... we're about settled on the plans... we're talking to contractors... and we should get going within a couple of weeks.

We're really looking forward to a new home with modern facilities and more space... the baby needs some playroom... we need more closets, kitchen storage space and a den... then there's the automatic laundry-dryer and dish washer...

We're building earlier than we expected and that's because of the friendly, helpful folk at Kings Mountain Savings & Loan Association... we

didn't think we could afford to build for another year, but they arranged loan terms suitable to us and we should have no difficulty meeting the convenient re-payment schedule.

ARE YOU DELAYING BUILDING BECAUSE YOU THINK YOU HAVE INSUFFICIENT EQUITY OR FEEL YOU CAN'T MEET THE RE-PAYMENT SCHEDULE?

Likely you don't need to delay. Inform us of your building needs and dreams. We'll examine them carefully and strive our utmost to fulfill your requirements.
