Public Service — A Way Of Life For BOB SCOTT

Public service is natural in Bob Scott's family. "Farmer Bob" Scott, his grandfather and for whom he was named, was in the State Senate. He was a pioneer in education and farm programs and stood with Aycock in the fight for public schools. Bob's father, W. Kerr Scott, was Commissioner of Agriculture, Governor, and United States Senator.

Bob Scott's record in working for the benefit of the people is impressive. Here are some of his contributions in public service:

State Chairman of United Forces for Education. Master of N. C. State Grange. Chairman of State Board of Conservation and Development

Parks Committee. National President of U. S. Poultry and Egg Producers Association. Member of Kerr Reservoir Development Commission. Member of N. C. Seashore Commission. Chairman of N. C. Consumers Committee for Low-Cost Power. President of N. C. Society of Farm Managers and Rural Appraisers.

Bob Scott is a Ruling Elder in Hawfields Presbyterian Church and has been chairman of the Board of Deacons. . . He has been Alamance County's "Outstanding Young Farmer." . . . He is a director of the Bank of Haw River.

Bob Scott has a familiar name — one you can depend on.

TIME FOR A CHANGE

VOTE FOR CHARLIE W. ELLIOTT FOR THE Cleveland County School Board

These are the things Charlie W. Elliott believes will improve the education of our children in Cleveland County:

1. Give teachers the right to have prayer and daily Bible reading.
2. Give our children better opportunities to have piano and voice instruction in our schools.
3. We should have county-wide consolidation of our schools as soon as possible.
4. We should eliminate combination grades in all our schools in order to be fair to both the teacher and the student.
3. There should be ample lunch room time for teacher and pupils.
6. We should not waste the taxpayer's money. Every dollar spent would give us a dollar's worth of education.

Your Support Will Be Appreciated
