Pony League**

lads pulled to an even 500 in the standings with a 5-2 win over the VFW. The win, coupled with Foote Mineral's loss to Spangler's, gave the Margrace lads a three-way tie for second place.

Darrell Whetstone limited the VFW batters to only three hits in posting the win for Margrace, which rapped starting pitcher

Bost and reliever Gantt for five runs on six hits. Whetstone and Bobby Greene teamed to lead the hitting with two safeties each.

The winners tallied twice in the second and sixth frames and added a singleton in the fourth inning on Jones' double after Whetstone had opened with a two bagger.

The VFW lads rallied for their only runs in the fifth inning with Perkins and Bullock collecting one base hits. A base on balls to Sanders, a fielder's choice, and an error resulted in the two tallies.

**MARGRACE 020 102 0**  
**VFW 000 020 0**

**SPANGLER'S - MARGRACE**  
The Margrace tie for second place with a 3-3 record was short-lived however as the league-leading Spangler boys won an 8-0 decision on Monday.

Tommy Goforth did the pitching for the winners and limited the losers to only one hit during the contest, a single to Bobby Green in the final inning. Goforth fanned eight batters and walked three in posting his fourth win of the season.

Dennis Connor enjoyed a one-for-two afternoon with a double in two official at-bats, and was issued two bases on balls. He scored two of the eight runs. Third baseman Chuck Gladden collected two hits in three at-bats, both doubles, and Dyke added to the extra base hitting power with a double in the five run fifth inning.

Charles Green was credited with the loss for Margrace with Mullinax pitching the final two innings.

**Deer Hunt Favor  
Deadline Aug. 10**

The North Carolina Wildlife Commission today announced that landowners and sportsmen wishing to recommend either six deer aunts in their localities must file requests with the Commission before August 10. Such hunts again will be allowed in areas of high deer population on the basis of local requests. Frank B. Barick, Chief of the Wildlife Commission's Division of Game said that upon receipt of requests the Commission will investigate local situations to determine whether deer populations warrant the taking of antlerless deer. If this is found to be the case a public hearing will be held near the area being proposed to determine local sentiment in regard to the proposal. Such hearings will be held during the week of August 31. Results of the hearings and other findings will then be considered by the Commission and approved areas and dates will be announced during the week of September 21.

Either sex deer hunts for gun hunters will be scheduled during the month of December. As in the past, bow and arrow hunters may take antlerless deer on such areas during the last six days of their pre-gun season.

**Baptist Youth To GA Camp,  
Grover Citizens On Vacations**

**GROVER** — The Associational G. A. Camp began Monday July 20th at 2 P.M. Gardner Webb college. Camp officially closes after lunch on Friday July 24th. Mrs. Paul Byers and Mrs. Charles Queen are G. Mrs. Frank Rhodes, Mrs. John Ross, and Mrs. William Orr left Friday to visit relatives in Philadelphia, Pa., and will attend the wedding of their nephew, Hunter Leroy Edgerton.

Rev. and Mrs. S. T. Cooke and daughter, Helen, are visiting relatives in New York City.

Funeral services for Mrs. Ethel Peemster were held Sunday at 3 p.m. from Mt. Zion Baptist Church. Interment followed in Mt. Zion cemetery.

Mrs. Peemster was a member of Mt. Pisgah Baptist church, Queen Mary's Court No. 5, and Heroines of Jericho.

Surviving are four sons, Thomas of Washington, D. C.; Leonard, Kings Mountain; Bobby Otis and Louis, both of Bessemer City; three daughters, Mrs. Alma Armstrong and Mrs. Ailay Neely, both of Gastonia; Mrs. Mary White, Kings Mountain; two brothers, Esley McCluney, Kings Mountain and Lewis McCluney, Baltimore, Md.; seven sisters, Mrs. Mary Patterson, Mary Jeffries, Gracie Barnes, Jessie Mae Woods, Lilly Curry, and Nellie White, all of Kings Mountain and Viola Hope of Durham.

**CARD OF THANKS**  
We wish to thank our many friends for their kind expressions of love and sympathy, especially Mrs. Craig Jones, John McGill and Francis Sineox, and nurses of the Kings Mountain hospital during the illness and death of our mother and sister.

The Peemster Family  
Mrs. Ruby Burris entertained guests at her home Saturday night at a birthday party in her honor. Out-of-town guests included Mr. Robert Pressley of Phila-

A request has been received concerning the proper method of handling red raspberry plants after the fruiting period has been completed. Since there is similarity in the handling of black raspberry and dewberry plants we might as well give attention to all three.

The red raspberry: Old fruiting canes should be removed immediately after the crop is harvested. Cut the old canes close to the ground. New canes (suckers) will come from root buds.

If you are using the hedge-row system of training, do not let rows become wider than about two feet. This can be done by cutting out (suckers) and all suckers as they appear. If you are using the hill system, save 8-10 canes for the 1965 crop around each stake.

The black raspberry: Remove the old fruiting canes after harvest. This plant does not "sucker" from root buds as the new canes originate at the base or crown of the plant. When the new canes are two or three feet in height, pinch out the tip of each new cane. This will destroy apical dominance and cause a branching. Branching is desirable for two reasons: in the first place pinching will result in a low stocky plant; and secondly, the yield should be better the following year.

The dewberry: Old fruiting canes should be removed after harvest as was the case with the red and black raspberries. There are two methods employed depending upon where your planting is located in the state.

In the lower Piedmont and Coastal Plain, all canes (old and new) are removed at the crown or base of the plant. The growing season in these regions is

delphia, Miss Virginia Alexander of New York, Miss Sedalia Anderson and Odell Gunn of Gastonia.

**BENEFIT**  
There will be a cook-out Saturday, July 25th, from 4 p.m. until 10 p.m. at the home of Mr. and Mrs. Roy Bell, Jr., in Grover for benefit of the Junior Chorus of Long Branch Baptist church.

All proceeds will go to the Junior Chorus program of the church and the interested community is invited.

long enough to produce sufficient new canes for a good crop in 1965. This procedure also assists in reducing the severity of disease organisms.

In the mountains, where the growing season is shorter, it is best to remove only the old fruiting canes.

All plants should be cultivated and fertilized after post-harvest treatments as suggested. About 10 ounces of an 8-8-8 fertilizer per plant should be applied evenly around the plants and incorporated with the soil.

If you have strawy stable manure available you might reduce the 8-8-8 to 6 ounces and add a good fork-fall around each plant.

**Celanese Notes  
Higher Earnings**

Celanese Corporation of America today reported net income of \$10,184,000.00 for the second quarter of 1964, equal to \$1.05 a share on the 8,679,596 shares then outstanding. Earnings for the period were 26 percent higher than the \$8,075,000, or 90¢ a share, earned for the second quarter of 1963 when 7,714,116 shares were outstanding.

Celanese sales of \$109,687,000 for the quarter ended June 30, 1964 were the highest single-quarter sales in the corporation's history and 22 percent ahead of the \$89,985,000 total reported for the second quarter of 1963.

Net income for the six months ended June 30, 1964 amounted to \$20,071,000, equal to \$2.06 per share on 8,679,596 shares. Earnings were 36 percent higher than the \$14,748,000, or \$1.63 per share on 7,715,116 shares, reported for the same period of 1964. Net sales of \$216,010,000 for the first six months of 1964 were 27 percent higher than the previous first half record of \$170,662,000 reported in 1963.

Harold Blanche, Celanese President and Chairman, said in his report that demand for the corporation's fibers and chemical products was particularly strong during the first half. He noted that Celanese, during the first six months of 1964, had announced plans to build or expand 20 plants

**McGinnis Infant's  
Rites Conducted**

Graveside funeral rites for Deborah Rena McGinnis, infant daughter of Mr. and Mrs. Vaughn Graham McGinnis, of Stanley, were held Monday at 3 p.m. from El Bethel Methodist church cemetery.

Rev. Floyd Willis officiated.

The infant died Sunday morning in Gaston Memorial hospital. Besides the parents, a sister, Revonda, survives. Also surviving are the maternal grandparents, Mr. and Mrs. Grover W. Greene of Kings Mountain and the paternal grandparents, Mr. and Mrs. Roy McGinnis of Stanley.

**Newer Refrigerator  
Ideal For Home**

Do you ever consider the use of your refrigerator? It has been estimated that at least 3/4 of the food we eat goes through the refrigerator.

Miss Hinson, home management specialist for the Agricultural Extension Service at N. C. State, says that today's newer electric refrigerators have an assortment of temperatures for a variety of foods.

There are separate zero degree compartments for frozen foods; meat compartments with temperatures lower than other storage space; special holders for butter, cheese and eggs; and vegetable crispers.

Miss Hinson says you should carefully use your refrigerator to full advantage for longer satisfactory service and to maintain quality food.

Follow manufacturers' suggestions for use of these recommendations:

and laboratories in seven countries. This, he said, broadens the corporation's manufacturing and marketing base in Canada, Europe, Latin America and the United States, and should enable Celanese to penetrate many new and growing markets.
