WCLNorth-SouthAllStar Game In Gastonia Aug. 7

The North-South Western Carolinas League All-Star game will be held at Gastonia's Sims Legion Park Friday night August 7 at 7:30 p.m.

The star-studded contest will pit All-Stars from the southern division of the league, which includes Shelby, Spartanburg, Greenville, and Rock Hill against the four northern teams, Salisbury, Statesville, Gastonia, and Lexington.

The 20-man squads were selected to play in the contest by the league sportscasters and sportswriters, umpires, and managers of the individual clubs.

The south team will be coached by a duo of mentors, Hal Smith of the Rock Hill Cardinals and Bill Steinecke of the Greenville Braves. They will be assisted by Gary Blalock of the Shelby Yankees.

The north squad will be managed by Salisbury Dodger mentor, George Schreger, who will be assisted by Max Lanier of Lexington and Ray Hathaway, newly assigned manager of the Gastonia Pirates.

Many of the league players who participated in the All-Star game in Rock Hill in early July will be on hand for the second contest, with many newcomers being named to the respective squads.

The first half of the season winner, Rock Hill, hosted an All-Star team composed of outstanding players from the seven remaining clubs throughout the league.

HOW TO BUY A MATTRESS

Your mattress and box spring are the most important items in your home. This may sound like an exaggeration

but when you consider that the average person sleeps 8 hours a night, you realize you spend one-third of your life in bed, and what could be more important than getting a good night's sleep?

There are many factors to consider in making a mattress purchase but the most important of all is COMFORT, and comfort is an individual matter. Some like them firm; some like them soft; some like them medium; some prefer innerspring mattresses and others like foam rubber better.

So how do you decide? First of all, it is O.K. to stay within your budget on furniture but it is terribly important to leave enough in that budget for fine quality bedding.

When you shop for your mattress, it is not enough just to look at the covering and the price ticket. It is also not enough just to feel the mattress or sit down on it. A mattress is made for sleeping and before you make your final choice ask your dealer if you may lie down for a few minutes on the bedding you are considering purchasing so that you may make sure it has exactly the type of comfort which suits you best. No-one else can decide which is the most comfortable mattresses for you except yourself and the only way you can find out is to try it. Stretch out on it and you will soon know whether this is the mattress on which you want to spend one-third of your life.

We offer you help in finding the mattress that's right for you.

We, at Timms Furn. Co. feature the world famous brands of Sealy & Simmons, guaranteed to be the finest quality, and remember, we will not be undersold, come in today, and let us show you these fine mattresses and save you money on your purchase.

Tune in the Gene Timms Show, on Radio Station WKMT Mon., Wed. and Fri. and try to identify the mystery tune. Mrs. Lawrence Logan won \$145.00 on our last Friday morning program. Who knows, maybe you will be next. The time is 7:30-8:00 a.m.

Newspapers Produce Light And Information. Their Absence Results In Darkness.

Correct information is invaluable to a free people and for keeping a free people free.

Few other nations of the world are as fortunate as the United States, which, through the wisdom of their forefathers, is legate of a heritage of freedom of speech, of assembly, of religious worship, and of the press.

Maintaining of these freedoms has not always been easy, but they have nevertheless been maintained through the years.

A free press is the cornerstone of the others. Without the dissemination of the news — factual information gathered by trained professional newsmen — the other freedoms would soon be abrogated in practice, if not in the text of the United States Constitution.
