Gantt Finishes Training Course

WICHITA FALLS, Tex. — Airman Third Class Robert S. Gantt, son of Mr. and Mrs. I. T. Gantt of 309 Parker St., Kings Mountain, N. C., has been graduated from the technical training course for U.S. Air Force aircraft propeller repairmen at Sheppard AFB, Tex.

Airman Gantt, who studied both hydraulic and electrically operated propellers, is being assigned to a Tactical Air Command (TAC) unit at Sewart AFB, Tenn. His unit supports the TAC mission of providing firepower and other air support to U.S. Army forces.

The airman is a graduate of Hudson (N.C.) High School.

New Programs For Boy Scouts

Boys who become Scouts this spring can look forward to "fun in their future" with the announcement of suggested themes to start in September. Cub Scout Pack and Boy Scout Troop Committees in the Piedmont Council, Boy Scouts of America, will start reviewing the themes as part of their long-range planning to provide top quality program for boys who are Scouts, Mr. George W. Anderson, the Council's Scout Commissioner explained.

The suggested Cub Scout themes for 1965-66 are: September, Barn Raising with a family fun pack meeting; October, Magic Words based on Cub Scout deals and personal conduct plus the annual space derby; November, Achievement Parade to get acquainted with the advancement plan; December, Happy Game, and Fair to promote good will projects; January, Transportation including the traditional pinewood derby; February, Strong for America plus Boy Scout Week activities.

March, Knights of the Round Table, one of the most popular themes over the years; April, Mother Nature's Backyard plus the kite derby; May, Jungle Tales based on Kipling's Jungle Books; June, Sports Carnival featuring dad-and-son trips; July, Summer-time Adventure, trips to unusual sites; and August, Family Fun featuring the annual pack picnic. Suggested Boy Scout program themes will highlight Scouting skills: September, First Aid, October, Maps and Compass; November, knife and axe, rope work, lashings; December, personal fitness; January, merit badge exploration; February, Boy Scout Week, and the Good Turn; March, emergency preparedness, camping, first aid, signaling; April, fire building, cooking; May, hike skills, cooking, fitness; June, edible plants, wildlife; July, campcraft, fitness, and August, aquatics, fitness.

At least 80 percent of the tea sold in this country is consumed in homes.

Average American last year consumed 173 pounds of meat. Brown University is at Providence, R.I.

Men's Rally Is Planned

LINCOLNTON, N. C. — Some 300 Presbyterian men from 45 churches in the Kings Mountain Presbytery are expected to attend the annual Men of the Church Spring Rally Sunday, April 4. The meeting is scheduled to be held at the First Presbyterian church in Lincolnton, beginning at 5 p.m.

Speaker for the evening session at the rally will be Dr. Warner L. Hall, pastor of the Covenant Presbyterian church of Charlotte for the past 19 years. Dr. Hall is most widely known in this section as a panel member of the television show, 'Pastors Face Your Questions', which appears on WETV, Charlotte, each Saturday at 12:30 p.m.

One of the highlights of the meeting will be the election of officers, just before the group pauses for dinner. The report of the nominating committee will be made by Terrell Wilkinson of Lincolnton, past president of the Kings Mountain Men.

Reports are slated to be given by Parks Wilson of Lowell on the Montreat Synod conference; George Gillespie of Bessemer City on the Christian Youth Conference; and John R. Friday of Lincolnton, projects chairman.

Dr. Hall will be introduced by Roland V. Lanier of Gastonia, president of the sponsoring organization.

Home Repairs Survey Set

A sample survey of residential alterations and repairs covering the first quarter of 1965 will be made among selected families in this area starting on April 1, according to Director Joseph R. Norwood of the Bureau of the Census regional office in Charlotte.

The survey will require about two weeks to complete and is part of a national study involving about 8,000 home owners throughout the nation. The data collected provide a statistical picture of importance of home alterations and repairs in the U. S. economy. As government program.

ADMINISTRATRIX NOTICE
Having qualified as Administratrix for the Estate of Essie G. Burton Deceased, all persons having claims against said estate will please file same with the undersigned on or before September 18, 1965 or this notice will be pleaded in bar of any recovery.

All persons indebted to said estate will please make immediate payment.

This the 10th day of March, 1965.

grams and policy expand the aids available for improving and conserving existing homes, the information collected in this Census survey will also become increasingly valuable for urban renewal.

It is now estimated that Americans spend \$11 to \$12 billion annually for alterations and repairs to their homes. More than 1 million homes are reroofed each year and nearly 2 million water heaters are replaced annually, for example.

The survey will cover papering, painting and plastering, plumbing repairs, central air conditioning, exterior wall and roof work, repairs to the heating plant, electrical work, and miscellaneous carpentry. The extent of the work as well as expenditures will be determined.

Although the survey has been conducted for a number of years, new procedures designed to save taxpayers' dollars are being introduced this spring. Instead of making personal visits for information in all cases, the Bureau of the Census interviewers are mailing notices to people who were contacted in January, and will telephone to obtain the information. Substantial economies may result if telephone cooperation proves good.

All information furnished to the Census Bureau is held in strict confidence as prescribed by Federal Law. Census data cannot be used for investigation, taxation, cannot be identified in any way in Census reports. Results of such surveys can be used for statistical purposes only.

Census Bureau representatives who will visit local families in the repair survey are:

'65 Heart Fund At Record Mark

GREENSBORO — North Carolina Heart Association volunteers are hoping for a record-breaking Heart Fund campaign tally for the 16th consecutive year. Reports are still incomplete, but reported campaign receipts to date total \$472,000, according to Mrs. J. Spencer Love, state Heart Fund chairman.

Last year, the North Carolina Heart Association was the leading voluntary health agency in the state in terms of financial support. The state heart group, an affiliate of the American Heart Association, raised less than \$200,000 in 1953 but has tripled its annual income from public contributions in the meantime. Its first campaign was conducted in 1950.

More than 92,000 Tar Heels participated in the 1965 "Hope For Hearts" crusade, held throughout the state during February. Only three-fourths of the final drive reports have been received so far, but reports from most counties indicate substantial gains, according to Mrs. Love.

Houck Gives Reason For Yellow Pages

Did you ever think of how yellow pages got their color? Why aren't they purple, pink, blue or some other color?

Some Directory Department veterans have come up with the answer, according to F. B. Houck, Manager for Southern Bell.

About 40 years ago both the alphabetical section and the classified pages were white and almost all telephone directories

were combined under one cover. This made it difficult to distinguish alphabetical from classified. Some unidentified genius solved the problem by pointing out that if the classified section were printed on colored paper it could quickly be identified.

To determine the most easily readable color, a New York City eye specialist was consulted. After some research he reported that the most legible combination was black print on white stock — which we were already using and still use in the alphabetical section.

The second most legible combination was black print on pastel paper — and the most readable was pale yellow. What about — the Yellow Pages!

The classified pages in most telephone directories in South America, Japan and Korea are yellow, too. Those of many other countries are white. The classified pages of the Paris, France, telephone directory are — naturally — pink!

Indians may participate in the surplus food program.
