STRETCHING YOUR DOLLARS
 © by Philip J. Goldberg
 Chairman, Institute for Financial Planning Inc.

There are 18 million elderly Americans with a combined yearly income of nearly 37 billion. These older citizens will become a more important market as social security laws afford even greater income.

George P. Larrick described the operation of Nutri-Bio, a food supplement. This product was advertised as a cure for almost all ailments including cancer, diabetes, arthritis, anemia, frigidity, heart trouble, infections, nervousness, etc. Nutri-Bio sold for \$24 per package and the company had a sales force of 75,000 full and part-time agents. In one area, 50 tons of literature about the product was destroyed.

Under our present laws, it is difficult to prove that these sellers of worthless drugs and devices intend to defraud the consumer. It is, therefore, your responsibility to see that you and your family are not victims. There is a market for cheats only when there are gullible buyers.

If you have any questions on how you can STRETCH YOUR DOLLARS more effectively, send them to me at the Institute for Financial Planning, Inc., P. O. Box 3176, Grand Central Station, New York, N. Y. 10017.
