

OPENING THURSDAY — Workmen were busy this week putting the finishing touches on the Burger Barn, located on York road, a new short order firm, which will open Thursday morning.

Burger Barn Will Open Thursday; New Firm Located On York Road

The Burger Barn, a new quick service short order establishment just being completed on York Road, will open for business Thursday at 11 a.m. Les Roark, one of the owners, said the firm will specialize in quick service charcoal broiled 15-cent hamburgers, and will also offer for sale cheeseburgers, French fried potatoes, fountain soft drinks, milk shakes and apple turnovers.

Designed the building, in the red barn motif, replete with silos—the latter the rest rooms. J. W. Heater is manager and there will be approximately 12 full-time and part-time employees. Drive-in window service will be provided. Other owners are Roland Hamrick, Jr., and Jack White. A formal opening is anticipated in the near future. Gus Hampton, of Cherryville,

What's The Use To Worry, Smile

By CLARENCE CARPENTER

What's the use to worry — You've not got long to stay — Why not take things easy, As you pass along Life's way? 'Twill do no good to worry, If things are going wrong; You may as well be pleasant — Meet reverses with a smile and song.

What's the use to criticize? What's the use to knock? What's the use to ridicule, Or, at some to throw a rock? Don't appoint yourself a censor, No matter what you do — This great world was never made For just a chosen few!

There's none of us that's perfect, There's a few of us that stay And never stray or wander From the straight and narrow way.

So when you start to hammer Some poor fool who's gone astray, 'Twill do no harm to pause and think You may lose your grip some day.

What's the use to kick one Who's just about to fall? If you do not care to help him Don't mention him at all. You'll find, if you take notice, That what is said here is true — While there may be faults in others, There's a flaw or two in you!

Dog Quarantine Begins June 15

The Cleveland County Board of Commissioners, upon recommendation of the County Rabies Control Officers, passed a resolution Monday authorizing a quarantine on all dogs in Number 4 Township from June 15-30. This quarantine stipulates that all dog owners will keep their dogs shut up or securely tied. Any and all dogs permitted to run at large may be destroyed by any Peace Officer of Cleveland County. The reason for this quarantine is to eliminate as many as possible stray and unwanted dogs in No. 4 Township.

The Rabies Control Officers wish to make it clear that they do not want to destroy anyone's pet, "so we urge everyone to comply with the quarantine — keep dogs shut up during the period."

Newspapers Produce Light And Information. Their Absence Results In Darkness.

Correct information is invaluable to a free people and for keeping a free people free.

Few other nations of the world are as fortunate as the United States, which, through the wisdom of their forefathers, is legate of a heritage of freedom of speech, of assembly, of religious worship, and of the press.

Maintaining of these freedoms has not always been easy, but they have nevertheless been maintained through the years.

A free press is the cornerstone of the others. Without the dissemination of the news — factual information gathered by trained professional newsmen — the other freedoms would soon be abrogated in practice, if not in the text of the United States Constitution.
