## You And Social Security

Students, housewives, and others who plan to make extra cash by working during the pre-Christmas rush were advised to avoid possible delay by getting a social security account number now.

Mr. Lex G. Barkley, district manager of the Gastonia social security office, reminded students who have never had a social security number to apply for one without delay at their nearest social security office.

Housewives should check their social security cards to make sure that the account is in their married name. If the card is still in the maiden name, application should be made to change it, Mr. Barkley suggested.

The key to the benefits which are paid to workers who retire, die, or become disabled is the number on your social security card. Any person who cannot locate his or her card should take immediate steps to make application for a new one by obtaining a form for this purpose at the nearest social security office or post office. The new social security card will have the same number originally assigned to the worker.

The competition for Christmas jobs is always hectic, Mr. Barkley said. Having your social security card available will make finding cash — producing Christmas employment easier.

The office is located at 1320 E. Franklin Ave., Gastonia, Telephone 864-5434.
