### Insurance At Regional Meet

Southern Life Insurance Co. has scheduled regional meetings for members of its field organization throughout its twelve state operating area to be conducted by home office and local management.

Eleven personnel from the company's Gastonia branch offices in this area met yesterday at the Holiday Inn, Charlotte, N. C. Restaurant to participate in the program introducing the extension of services now offered by the company.

Ralph A. Lambe, Assistant Agency Manager, D. H. Carter, Regional Supervisor, and James Driver, Health & Accident Director of the company's home office staff in Greensboro, N. C., presided at the meeting.

The company's representative for the Kings Mountain area is J. R. Broughton.

Eugene M. Goforth, 45, 511 East Ridge Street, stop sign violation, half costs.

### Bell System Has Newcomer

A deceptively powerful newcomer to the Bell System is offering a good deal of pull to make things neater for telephone users and easier for telephone installers, said R. B. Moore, local telephone manager.

The recent arrival, no larger than a small transistor radio, is a magnet-equipped cover to protect the cord plugs that connect multi-button business phones to the telephone network. By doggedly clinging to metal desks or partitions with its magnetic "feet," the cover eliminates nuts-and-bolts installation and protects office furniture from the damage of drilled holes.

Purchased by Western Electric for the Bell telephone companies, the plastic cover is more versatile than the former permanently attached model. If, for example, a telephone is moved or office furniture rearranged, the cover can be removed and reinstalled with little effort and less skill.

### Bagwell Rites Are Conducted

Final rites for Jesse T. Bagwell, 63, who died Wednesday, were held Saturday at 3 p.m. from Piedmont Baptist church.

Rev. C. C. Parker officiated, and interment was made in Mountain Rest cemetery.  
Mr. Bagwell was the son of Lee Bagwell and Minnie Elizabeth Cantrell Bagwell who survive. He is survived by his sons, Charles and Carl Bagwell, both of Kings Mountain, and Melvin Lewis Bagwell of Hampton, Va.; a daughter, Mrs. John Harris England of Rockingham; two brothers, W. B. Bagwell of Kings Mountain and Thomas James Bagwell of Fort Mill, S. C.; and a sister, Mrs. Tommy Taylor of Casar. Also surviving are 15 grandchildren and four great-grandchildren.

He was an employee of Victory Chevrolet Company.  
24 pt. — SPROUSE RITES  
Funeral rites for Herman Sprouse, 38, were held Sunday at 4 p.m. from Chestnut Ridge Baptist church, interment following in Mountain Rest cemetery.

Mr. Sprouse died at 1:30 a.m. Friday in Kings Mountain hospital after two years' illness.  
He was a member of Chestnut Ridge Baptist church and of the Kings Mountain unit of the Cleveland County Rescue Squad. He was a son of Leslie Boyce Sprouse and the late Mary Horne Sprouse.

Survivors, in addition to his father, include his wife, Thelma Jeanette Sprouse; three sons, Herman Dennis, William Leslie and Arthur Thomas Sprouse, all of the home; one brother, Arthur Sprouse of Kings Mountain.  
Rev. Mitchell Pruitt and Rev. Buddy Williams officiated at the final rites, and interment was made in Mountain Rest cemetery.

### Rug - Carpet Booklet Offered

RALEIGH — Rug and carpet terms may refer to type of construction, size, or use, points out Mrs. Lillie Little, extension housing and house furnishings specialist, North Carolina State University.

Tufting is the most widely used method of rug construction at the present time. Tufted pile rugs and carpets are made by hooking tufts of fiber into a fabric or conventional carpet backing. A latex solution applied to the backing anchors each tuft in place.

Woven pile rugs and carpeting are made of loops of yarn which are held in place by lengthwise and crosswise yarns or by a woven backing fabric. Woven pile rugs include Axminster, Wilton, chenille, and velvet, or a combination of these weaves.

Knitted carpets are made on a machine that produces the pile and the backing in one operation.

Broadloom refers to measurement. It indicates only that the carpet was woven on a loom six or more feet wide, Mrs. Little explains. Carpets or rugs are cut from a roll of broadloom in a desired length.

Area rugs, often used to define such activity centers as a conversation or dining area, are available in a variety of forms and shapes. Because they have built-in design or are finished all the way around with binding, area rugs are usually expensive, for their size.

Outdoor - indoor carpeting is fairly new. Made from a polypropylene fiber, this carpeting can run from the inside of the house to the patio or terrace. It's a bright new decorating idea for hallways, stairs, basements, and even the bathroom, Mrs. Little says.

The bulletin "Selecting Rugs and Carpets" published by the North Carolina Agricultural Extension Service offers more tips on selecting, buying, and caring for a carpet. For a free copy contact your county extension home economics agent.

Remove coffee stains in hairline cracks in the glaze of old pieces of china by making a paste of baking soda and applying to stained area. Let stand about an hour, then wash pieces with soap and warm water. Treatment may have to be repeated two or three times.
