Webb Receives Award Of Merit

Carl Ray Webb, local representative of Pilot Life Insurance Co., has been presented the company's "Award of Merit".

Mr. Webb said that the award is given to school systems that "exhibit an outstanding record in the prevention of school-associated accidents to students and teaching personnel during a given school year."

The award given the local school system was for the 1964-65 school year.

The local school system was in competition with hundreds of other systems throughout a major portion of the United States and placed high in accident-free days.

Mr. Webb stated that "each year thousands of school-associated accidents occurred in other schools which could have been prevented with the planning and safety consciousness which has been exhibited by local school officials. The Board of Education, school administrators, faculty, students and parents are to be commended for this achievement."

They have three children and have made their home in Gaffney the past 15 years.

In making the announcement, Ballin Smith, Pepsi Cola Co. executive vice-president says, "Because of Carl's background and experience in the soft drink industry, and due to his knowledge of the needs and desires of our friends and customers in Cherokee County, we feel that he is uniquely qualified for this new assignment."
