

Telephone Talk

By R. B. MOORE

Dial my own Long Distance calls! (Yes ma'am. The phone company calls it Direct Distance Dialing. It's the very fastest way to telephone out-of-town friends.)

It's simple! Nothing to it! (You just dial "1"; then the Area Code—they are listed in the front pages of your directory—if it's different from yours; then your party's regular phone number.)

Sounds great! Think I'll try it now! (Oh, yes. One more thing. When you dial your own Long Distance calls, you get the low station-to-station rate!)

Let me see. Who shall I call first? (Want to know more about Long Distance Dialing? Take a look at the front pages of your phone book.)
