

Robert Wright's Brother Passes

Funeral rites for Marvin Lester Wright, 42, of route 3, Shelby, brother of Robert Lee Wright of Kings Mountain, were held Tuesday at 3 p.m. from New Camp Creek Methodist church where he was a member.

Mr. Wright died suddenly at his home Sunday at 12:30 p.m.

Other survivors include three brothers and a sister.

GARDEN TIME
m.e. gardner
n.c. state college

October is clean-up month in the vegetable and flower gardens. Clear away dead stems and trash from both. Do this job now. If put off until spring, trash will serve as excellent hide-outs for both insect and disease pests.

off old stems of dahlia and asparagus plants and burn them, too.

After the vegetable garden has been thoroughly cleaned up, plow the area and leave in rough fallow until spring. This will be helpful in controlling certain insects and diseases. What is more important, the alternate freezing and thawing of the soil will break up the soil particles and give you a better seed bed for spring planting. Fall plowing is especially desirable in the Piedmont and mountains where the soils are heavier than in the Coastal Plain and Sandhills.

If you are preparing a new lawn, be sure to do a good job of soil preparation. Have your soil tested to determine the calcium and phosphorus needed. These two plant food elements do not move in the soil, once applied, so it is important to incorporate with the soil in the root zone when preparing the seed bed.

Keep such plants as azaleas, camellias and rhododendrons well supplied with water. It is essential that you keep a newly seeded lawn moist at all times. After germination, the seedlings are very tender and cannot survive in dry soil.

Check your house plants. Some may have become root-bound and need repotting. You may have a favorite potting soil mixture which has served your purposes well. If you do not equal parts (by volume) of good soil, coarse sand and peat moss will do a good job.

House plants require more careful attention now that the days are shorter, light less intense, and the indoor environment less suitable for satisfactory growth in many homes. Remember, too, that over-watering is the most common cause of failure

Lib Gault Rolls 408 Set Tuesday

Lib Gault combined single games of 137, 137 and 134 for a 408 set Tuesday night to lead first place Plunk Brothers to a 4-0 win over Victory-Chevrolet in ladies' bowling league action.

The loss dropped Victory-Chevrolet from second to third place in the six-team standings and the win stretched Plunk's lead to 11 games over the second place club.

Plunk's defeated Victory Chevrolet by 152 total pins, after spotting the losers 10 pins per game. Dessle Loftin also figured largely in the Plunk's win with a 333 set while Janet Parker was high for the losers with a 118 line and a 296 set.

Oates-Henderson Shell moved into second place by taking a 3-1 win off Minute Grill. High scorer for the winners was team captain Jenny Oates with a 116 line and a 325 set and top scorer for the losers was Barbara Miller with a 107 line and a 293 set.

Griffin Drug moved to within one game of fifth place by beating Kings Mountain Drug, three games to one. The loss kept KM Drug in a tie for fifth place with Minute Grill.

High scorer for the Griffin Drug ladies was team captain Charity Tignor with a 105 line and a 290 set. Pat Panther led the losers' scoring with a 12b line and a 302 set.

Order fruit trees, grapevines, roses and ornamental trees and shrubs now to be planted in November and early December.

of plants to grow well. Water thoroughly and then wait until the soil feels dry to the touch before watering again.

THIS IS THE LAW

By ROBERT E. LEE,
(For North Carolina Bar Association)

GIFTS CAUSA MORTIS

There are two general classes of oral gifts personal property that may take place during the lifetime of the donor. They are inter vivos (between the living and) (gifts causa mortis (on account of death).

In the absence of a written instrument of transfer, delivery of the subject matter of the gift is essential in both types. One cannot make an oral gift of personal property and continue in possession of it. There must be such a transfer of the property, in conjunction with a donative intent, as will completely deprive the donor of his dominion and control over the thing.

A gift inter vivos is the ordinary absolute gift between living persons. It is perfected and becomes immediately irrevocable the moment it is made.

A gift causa mortis is one made in contemplation of death from a present illness or some immediate peril. It may be revoked by the donor prior to his death, or by the donor's survival of the contemplated peril, or outliving the donee, or the occurrence of a deficiency of assets necessary to pay the debts of the deceased donor.

In a gift causa mortis the donee's title vests immediately subject to be defeated by the happening of a condition subsequent.

In a gift causa mortis the donee's title vests immediately subject to be defeated by the happening of a condition subsequent.

Thus, if a donor thinks he is going to die from a present illness or as a consequence of a serious operation in a hospital, and he delivers to you jewelry, heirloom, or stocks, and he does not die as a result of the contemplated peril the delivered property to you is not yours.

In a gift causa mortis the donee's title vests immediately subject to be defeated by the happening of a condition subsequent.

In a gift causa mortis the donee's title vests immediately subject to be defeated by the happening of a condition subsequent.

Thus, if a donor thinks he is going to die from a present illness or as a consequence of a serious operation in a hospital, and he delivers to you jewelry, heirloom, or stocks, and he does not die as a result of the contemplated peril the delivered property to you is not yours.

The Veterans Corner

EDITOR'S NOTE: Below are authoritative answers by the Veterans Administration to some of the many current questions from former servicemen and their families. Further information on veterans benefits may be obtained at any VA office.

Q—I have a service-connected disability presently rated as 100 per cent. Are my children entitled to benefits under the War Orphans Educational Assistance Act?

A—Sons and daughters of living veterans with service-connected disabilities rated permanent and total in nature are entitled to Educational Assistance under the War Orphans Program.

Q—Will you please tell me if the 10 per cent deductible from the income of a non-service-connected veteran is only for Social Security benefits, or does it include local, state and railroad benefits or pensions also?

A—Report the full amount of Social Security and pensions to the Veterans Administration and the VA will then make the 10 per cent allowance in Social Security payments or pension payments, such as state and railroad retirement benefits.

HOSPITALIZED

W. K. Mauney, Jr., Kings Mountain industrialist, entered Charlotte Memorial hospital Monday for treatment of a kidney ailment. His wife said yesterday he may undergo surgery for removal of a kidney stone.

OUT OF HOSPITAL

J. C. Clary, Kings Mountain businessman, was discharged from Kings Mountain Hospital last weekend after he had been admitted for observation and treatment for a suspected gall bladder ailment.
