Twenty-one North Carolina 4-H Club members will attend the National 4-H Club Congress on November 25 - December 2 in Chicago. Among these will be Dennis Gordon, Stony Point 4-H member, who received his honor as a result of being State Champion in Cotton Production. **WHAT ARE THE MOST IMPORTANT THINGS TO LOOK FOR WHEN YOU GO TO BUY FURNITURE**

There are three words to remember when you buy furniture, and if you keep these three words in mind, you'll be happier with your purchase and you'll eliminate the indecision some people are troubled with.

You can use these three words as a sort of check list before you buy. The three words are: comfort... style... and construction. Let's look at them individually.

It's amazing how many people fail to consider comfort when buying a chair, sofa or bed. They fail to realize this is the basic purpose of these pieces. Be sure you take this into consideration.

The next thing to consider is style. Which pieces will look best in your decorating scheme? We'll be glad to help you with suggestions.

The third thing is construction. Unfortunately, this is something you can't always see or know about for sure. That's why it's important to deal with a reputable store. You must take the store's word on construction. It's good to know, however, that good stores carry only well-constructed furniture and you may put your trust in us.

By following the above tips, you'll be able to get more for your furniture dollar and you'll be surer to have furniture you like.

We at TIMMS FURNITURE CO will guarantee to save you money. Drop by and shop for your Christmas needs, and remember that for CASH or on the installment plan we give discounts on every item in the store.
