#### HOW DO WE MAKE A FURNITURE STORE OUTSTANDING FOR YOU?

In this week's column, we'd like to tell you about a few of the different things we try to do to give you the outstanding furniture store in this area.

First, we are trained and experienced furniture buyers

with a thorough background which enables us to intelligently be of help in solving your furnishing problems.

Second, we know customers want honesty, knowledge and sincerity — and we make sure we live up to those qualities.

Third, we attempt to sell the best possible furniture in a wide selection of price ranges.

Since the furniture and decorating business is so competitive, we continuously explore the many furniture factories and markets to find better values in good quality furnishings for you.

We try to give a service which is "beyond the call of duty" by continuing this service long after the sale is made.

Every place of business develops what is known as an "atmosphere", which is another word for reputation. A good atmosphere is a priceless thing to any firm because it doesn't have a price tag. It can only be earned by fair and satisfactory dealings, by mutual respect and confidence between the businessman and his customers.

And we know that by doing all this, we can serve you well and satisfy you — so that you will want to return to us. And last, but certainly not least, we GUARANTEE TO SAVE YOU MONEY. With a discount on every item, every day of the year, and terms to suit you.
